Inmates To Work 40 Hours

Increased Hours Are Part of Nash's Program to Rebuild Riot Swept Prison

JEFFERSON CITY (AP)—Missouri Penitentiary inmates will go on a five-day, 40-hour week starting tomorrow as part of a stepped up work program.

Warden E. V. Nash announced the plan as part of his program to modernize and rebuild the big prison which was swept by disastrous riots in the fall of 1954.

Only about 1,000 prisoners have been working recently and their work days have been only four to six hours. Nash said he hoped to bring the work force up to 1,500 to 1,700 and eventually have a useful job for every man eligible for one.

The prison now has about 2,700 men inside the walls and another 750 outside at the prison farms or on honor jobs.

Along with the longer work week the prisoners will gain extra recreational privileges from 5 p.m. until dark. Nash said they would be allowed to use the playground during this period, go to the recreation hall, practice music, attend religious or hobby meetings and so on.

Later, when funds are available, a hobby shop is planned.

The rebuilt license tag plant is ready to go and operations will start on a small scale there tomorrow. Nash said it is equipped to handle almost any kind of metal work and the needs of other state institutions will be canvassed for job orders.

The prison also operates a furniture factory, shirt factory, clothing factory for both work clothing and "dress out" clothes and a shoe plant. The old twine plant was abandoned and converted into the new tag plant.

A concrete block factory will be built later, Nash said, to provide material for small construction projects and repairs at the penal institutions.

Currently, he reported, about 450 men are living at the prison's Church farm for honor convicts, west of Jefferson City. That number will be increased gradually as the classification system screens out eligible prisoners.

Construction funds from the state's \$75 million bond issue are not expected to be available for several months. The special legislative session which ended last Friday allotted \$14 million of the bond money to the penitentiary, including \$10 million for a new medium security prison.

Marshall Makes Shopping Night Time Change

Most Marshall merchants will start remaining open for business on Friday nights instead of Saturday nights effective Friday, May 18. On the effective date and thereafter the stores will remain open until 9 o'clock each Friday night and will close at 5 o'clock on Saturday.

This change from Saturday night openings to Friday is being made by Marshall retail stores in the interest of serving better the general public. Merchants of Marshall are in no way endeavoring to dictate when a rural citizen or industrial worker should do his shopping but an honest effort is being made to regulate store hours to accommodate the majority of customers and at the same time give due consideration to store employees.

The merchants of Marshall sincerely appreciate the business received from within the corporate limits of the town of Marshall, Saline County and the surrounding trade area and they wish to provide the best in merchandise and service to their patrons.

Tough Customers

The people who were complaining about the heat Thursday and Friday huddled under the covers last night and mumbled something about its being too cold. Just no pleasing some people.

Mostly cloudy and continued cool tonight and Tuesday; low tonight in upper 30s; high Tuesday in upper 40s.

The temperature at 7 a.m. was 37, 51 at 1 p.m., and 52 at 2 p.m. Rainfall Saturday 1.7 in.

The temperature one year ago today, high 78, low 49; two years ago, high 80, low 60; and three years ago, high 68, low 54, with .33 inch of rain.

Stage at Lake of the Ozarks 43.3 steady.

NO "RED" CARPET FOR THEM — Four refugee Soviet sailors leave Immigration headquarters in Washington, D. C., after turning deaf ears to blandishments of Soviet Ambassador Georgi Zorublin who sought to persuade them to return to Russia. Five of their shipmates who joined them in seeking asylum in the United States last fall were recently hustled out of New York City by Soviet officials. From left: Michael Ivankov-Nikolov, Viktor Solovyyev, Victor Tatamikov, and Ben Ermenko. (NEA Telephoto)

Warns About 'Synthetic' Good Will

Tells US Chamber 'Same Old Gang Is Ruling Russia'

WASHINGTON (AP)—Some 3,000 delegates of the United States Chamber of Commerce were advised today not to succumb to the "synthetic good will" of the same Kremlin leaders who "were part and parcel of the great Soviet bloodlettings."

President Boyd Campbell of Jackson, Miss., declared in a prepared keynote address for the Chamber's 44th annual meeting that "the same old gang is ruling Russia — minus Stalin."

The Chamber's 1,700,000 affiliated business men and women, he said, will insist on "keeping America's defense impregnable while we watch and wait for more convincing evidence of the Soviet's regeneration."

Campbell said it is evident that Russian leaders, in repudiating Stalin's record, have found it easy to "convict a ghost" and are "getting away with it in too many corners of the world."

America must keep its guard up, he said, until Russia has liberated slave laborers and illegally held war prisoners, freed the satellite countries, and "done everything possible to expiate her crimes against civilization."

"When she has repudiated her diabolical purpose to rule the world," he declared, "then perhaps it will be time to take her new look seriously."

Theme of the opening Chamber session was "for human betterment." A dramatic presentation of the peace-time potential of nuclear energy, opening in a darkened auditorium with a filmed representation of an atomic bomb explosion, was arranged to follow an address by evangelist Billy Graham on "Moral Responsibilities in the Atomic Age."

Eisenhower Returns To The White House After Weekend Rest

WASHINGTON (AP)—President Eisenhower returned to the White House today after a weekend of relaxation at his Gettysburg, Pa., farm.

The President, accompanied by the assistant White House physician Lt. Col. Walter Trach, made the 85-mile trip by car in an hour and 55 minutes. Mrs. Eisenhower remained at the farm.

Eisenhower scheduled a busy afternoon of conferences with Cabinet members including Secretary of State Dulles, Atty. Gen. Brownell and Secretary of Labor Mitchell. He also was to receive the ambassador from Germany and the new minister from Rumania.

Board of Education Meets With Hubbard School Residents

The Sedalia board of education will meet tonight at 7:30 with the residents of the Hubbard School district to discuss the proposed \$1,800,000 school bond issue to be voted on in a special election May 8. The board will meet Tuesday for the same purpose and at the same time at Washington School with the residents of that district.

Sedalia Cub Pack Pays Air Base Visit On Sunday Afternoon

Cub Pack 57 of Mark Twain School was guest of the Whiteman Air Force Base, Sunday afternoon, at which time more than 125 persons were given a tour of the base.

Ten Dens with their Den Mothers, and accompanied by some of the parents, brothers and sisters, of the boys took the trip to the base in private automobiles at 12:30 p.m.

They were divided into four groups after which each group was given a bus ride over the base at which time the various buildings were explained, then back to the flight line where they inspected a B-47 bomber, a KC-97 refueling plane, engine assembly, the fire station and other points of interest.

Following the tour the group had their Sunday dinner at the Non-Commissioned Officers Mess, and then returned to Sedalia.

Capt. John Herbst, Information Service Officer, was in charge of the tour.

Cuban Cabinet Orders Freeze After Skirmish

HAVANA, Cuba (AP)—Cuba's Cabinet today ordered a 45-day freeze on constitutional guarantees after 70 civilian rebels attacked an army base 60 miles east of Havana in an apparent bid to take over the country.

The government of President Fulgencio Batista said the revolt at the Domingo Goicuria army base, just outside Matanzas, had been crushed swiftly with 11 rebels killed and a number wounded. It said only three Cuban soldiers were wounded.

The army announced that former President Carlos Prío Socarras, who has been repeatedly charged with plotting against the government, had been arrested with a number of his friends.

Gen. Francisco Tabernilla, army chief of staff, said Prío Socarras, who was ousted by Batista in a bloodless revolt in March 1952, had been taken into custody "to protect the personal safety of the former President."

When word of the revolt reached Havana, Batista reportedly left the capital to take personal command of the army.

The government communique said all police, army and navy leaves had been canceled and all members of the armed forces ordered to quarters.

The Cabinet's move to suspend guarantees went into immediate effect. The action must be confirmed by Congress, but approval appeared certain.

The suspended guarantees are freedom of assembly, inviolability of mail and freedom of speech and of the press. There was no indication, however, that the government intended to put on censorship.

Under the decree, the government also is empowered to hold arrested persons incommunicado as long as it desires.

A government account of the revolt said the rebels, "heavily armed with machine guns, rifles, carbines and grenades," tried to seize the Domingo Goicuria base.

Gen. Pilar Garcia, military commander at Matanzas, reported the battle was over in three hours, except for the mopping up.

"The attackers were exterminated at the side of their machine guns," he said.

Israel Casualty Toll to 3

Weekend Flareups Come at End of UN Secretary's Mission To the Middle East

JERUSALEM (AP)—Israel said today its casualties from weekend incidents on the Egyptian-Israeli border mounted to three dead and one wounded.

Egypt and Israel, parties to a 12-day old cease-fire agreement, each blamed the other for the flareup.

The accusations came as U.N. Secretary General Dag Hammarskjöld neared the end of his peace mission to the Middle East, begun April 6. He held a final meeting in Cairo this morning with Egyptian Foreign Minister Mahmoud Fawzi.

An official Israeli announcement said a second soldier died today as a result of a mine explosion under a military vehicle. The first was killed yesterday at the time of the explosion near Izhak village close to the frontier of Egypt's Gaza Strip. Israel also reported a farmer was killed in another incident yesterday.

Sources in Cairo close to Hammarskjöld expressed belief the disturbances would not affect the outcome of his mission.

His conference with Fawzi today followed a talk last night with Egyptian Premier Gamal Abdel Nasser.

He planned to leave Egypt later today for his last discussions with officials in Israel, winding up his mission. He is due to report back by May 4 to the U.N. Security Council in New York.

A well-informed source in Cairo said Egypt now was willing to accept Hammarskjöld's proposal that Egyptian and Israeli forces on the demarcation line be pulled back out of sight of each other. The exact distance would be determined by terrain and local circumstances.

Egypt was previously reported to be insisting that troops withdrawn 500 meters — 575 yards — on each side of the line. Nasser proposed this last fall.

An Israeli army source said the mine that blew up yesterday had been laid recently well inside Israel.

A Foreign Ministry spokesman said the Egyptians had returned the mutilated body of a 22-year-old Israeli farmer who he asserted had been dragged across the Gaza border yesterday by Egyptian soldiers. The spokesman said a U.N. Mixed Armistice Commission investigation had disclosed that the soldiers were engaged in illegal harvesting in the Nahal Oz area near the Gaza Strip. The farmer rode toward the Egyptians on horseback and was attacked, he said.

Egypt said the man, carrying a revolver and grenades, had attacked Egyptian soldiers and farmers inside the Gaza Strip.

Hammarskjöld conferred last night in Cairo with Egyptian Premier Gamal Abdel Nasser and other officials. They reportedly discussed ways to prevent border friction.

Eisenhower Arranges Foreign Policy Matters Discussion

WASHINGTON (AP)—President Eisenhower arranged to discuss foreign policy matters late today with Sen. George (D-Ga.) and other congressional leaders in that field. The White House announced the conference would be held in the President's living quarters at 5:30 p.m.

Murray Snyder, assistant press secretary, said the session would deal with "matters affecting the foreign policy of the United States." He added that Secretary of State Dulles also would sit in. Snyder declined to elaborate on the nature and purpose of the conference.

Representative Pleads Guilty to Tax Evasion

BOSTON (AP)—Rep. Thomas J. Lane (D - Mass.) today pleaded guilty to willful evasion of \$38,542 in federal income taxes for 1949-50-51 and was sentenced to four months in a U.S. penitentiary and fined \$10,000.

The 57-year-old congressman from Lawrence, Mass., made a surprise appearance in U.S. District Court before Judge Charles E. Wyanski Jr. he was not scheduled to go on trial until May 15. Lane's counsel, C. Keefe Hurley, at first asked Judge Wyanski to accept a plea of nolo contendere — no contest — to the indictment but the court declined.

Sobbing, Lane then entered a plea of guilty. Judge Wyanski passed sentence, ordering Lane to begin serving his sentence next Monday.

FOIL PLOT AGAINST RED CHIEFS — Communist party chief Nikita Khrushchev, left, and Soviet Premier Nikolai Bulganin wave from rail of Red Navy's cruiser Ordjonikidze as they set sail from Portsmouth, England, for home. London papers report that Scotland Yard foiled a European anti-Communist attempt to assassinate the Red leaders during their visit to England. In center is Russia's atomic energy chief, Ivan Kurchatov. (NEA Radio-Telephoto)

French Troops Battle Rebels In Algeria

ALGIERS, Algeria (AP)—French troops battled what was described as a "strong rebel group" today within a dozen miles of this capital city. Authorities said there were some losses by the troops at the outset and that later several rebels were killed. No specific figures were given.

Says Graham Never Offered Explanation

DENVER (AP)—An FBI agent who heard two confessions from John Gilbert Graham says the 24-year-old murder trial defendant never did explain exactly why he blew up an airliner that plunged his mother and 43 others to death.

Graham has since denied the truth of the confessions, which the FBI said he gave last Nov. 13-14. The trial entered its 13th day today with continuing testimony from Special Agent James R. Wagoner, chief questioner for the FBI when Graham made his admissions.

A typewritten, signed statement by Graham and an oral confession as related by Wagoner were placed before the seven men and five women jurors Saturday over defense objections. Entered as direct evidence, they give the state grounds for demanding the death penalty when the case goes to the jury — probably the end of this week.

Graham is charged in the death of his mother Mrs. Daisie E. King, 55. In the confessions, he said he stuffed a 25-stick dynamite time bomb in her suitcase before it was stored on a United Air Lines plane that exploded last Nov. 1 near Longmont, Colo., 11 minutes after leaving Denver.

Whiteman AB Drive Is Last—

Local Cancer Society Unit Ends Campaign Successfully

The United Fund will receive the final portion of the 1955 fund drive with the completion of the drive at Whiteman Air Force Base. The total fund will surpass that raised last year and each agency benefiting from the United Fund drive will receive an increase over the amount received last year.

The Pettis County unit of the American Cancer Society campaign this year was to bring the educational side of the program to the people of Sedalia and Pettis County. The American Cancer Society has asked every person to fight cancer with a check-up and a check.

FUND PORTION RECEIVED — Jack Cunningham, chairman of the fund drive for the Pettis County unit of the American Cancer Society, is shown with Clinton Muller, president of the United Fund board of Sedalia and Pettis County, receiving the American Cancer Society portion of the funds for that agency. Not shown is Mrs. Cleo Schumacher, who is president of the Pettis County unit of the American Cancer Society. (Chamber of Commerce photo)

Red Chief Makes Overture to U. S. For Negotiations

Khrushchev Tells Crowd US Is Moving in the Direction Of Cooperation With the Soviet

MOSCOW (AP)—Communist party chief Nikita Khrushchev told 10,000 cheering Russians today the United States is moving in the direction of cooperation with the Soviet Union.

His speech was broadcast and televised throughout the Soviet Union from Moscow's central military airport, where Khrushchev and Premier Nikolai Bulganin had just landed on their return from a 10-day tour of Britain.

Both Bulganin and Khrushchev praised British hospitality and the results of their negotiations with Prime Minister Eden. But they had scathing words of denunciation for the Labor party, the British Socialist movement, which they accused of following "a reactionary anti-Soviet policy."

The bold overture to the United States indicated Bulganin and Khrushchev aim at developing direct negotiations with President Eisenhower on world problems.

This was foreshadowed by a Pravda editorial yesterday and has long been common knowledge in the Moscow diplomatic colony.

It was a strange forum Khrushchev took to make the overture to Washington — a scarlet-draped podium at the airport where only talk of Britain had been expected.

One of the most attentive listeners was U.S. Ambassador Charles Bohlen, who stood with his left arm in a sling—the result of a skiing accident.

"It seems to us," said Khrushchev, "that the U.S.A. is already beginning to show desirable signs of moving on the road of cooperation. An example was the speech President Eisenhower made to American editors. We cannot agree with many things he said, because they did not help good relations."

But for most of what Eisenhower said, including the President's expressed desire for good relations, Khrushchev had only praise. Eisenhower had said a Soviet government genuinely devoted to the legitimate interests of the Russian nation "can have friendly relations."

Justice Clark wrote a dissenting opinion, joined by Justices Reed and Minton.

After a 15-month hearing, the Subversive Activities Control Board in 1953 found the party was a Communist-action organization and directed it to register under terms of the 1950 Internal Security Act.

The law requires registration by Communist-action and Communist-front organizations.

Under terms of the SACB order the party would have had to list its officers and members, give detailed financial accountings, and supply an inventory of printing and mimeographing equipment. Communist fronts are subject to substantially the same requirements, except the listing of rank and file members.

The bill, drafted by Chairman Cooley (D-NC), contains Eisenhower's soil bank plan, but not the authority he asked to make advance payments under the plan. Under this arrangement, the government could have paid as much as 500 million dollars this year to farmers who agreed to take surplus cropland out of production.

Cooley indicated to newsmen that the advance payment provision is virtually certain to come up when the bill reaches the House floor.

An effort to substitute a bill containing the prepayment provision for the Cooley bill failed at the closed-door meeting today by a 19-15 party line vote.

Left in the bill, though it was opposed by Eisenhower, was a provision for mandatory and increased price supports on small livestock feed grains such as oats, rye and barley.

Cloudy Skies and Cold Will Mark Departure Of April in Missouri

KANSAS CITY (AP)—Cloudy skies and chilling temperatures will mark the departure of April in most sections of Missouri tonight.

The forecast calls for little change in temperatures that had a dip as low as 34 degrees at one spot, Kirksville, last night. The mercury is expected to drop to 35-40 degrees in the north to near 45 degrees in the southeast. It should warm up a bit tomorrow, in the 40s north to 50-55 south.

There was little rainfall over the state last night as the storm center moved to the north and east, but the week end downpours were excellent especially in northwest Missouri.

The best precipitation Saturday and Sunday was 3.80 inches at Waverly. Other heavy falls were reported at Odesa, 2.56; Lexington, 2.36; Clifton City, 1.79; Concordia, 1.74; Sedalia, 1.70; Columbia, 1.17; Farmington, 1.32; St. Louis, 1.04, and Windsor 1.12.

with the United States and the free world for the asking."

"We hope these words will be strengthened by practical steps," Khrushchev said, peering nearsightedly at his text through steel rimmed spectacles. "With good will, much can be done to improve relations between the U.S.S.R. and the U.S.A."

"Little by little we can reestablish confidence."

"Eventually we may reach agreement on disarmament and have normal trade and cultural relations with the U.S.A."

Khrushchev's remarks about the United States were greeted with stormy applause by the crowd.

Ike Cautions Against Any Aid Reduction

Views Are Relayed To Senate Group By Secretary Dulles

WASHINGTON (AP)—President Eisenhower sent word to Congress today that any substantial cuts in his \$4,900,000,000 foreign aid program at this time "would greatly endanger the security of the United States."

Eisenhower's view was relayed to the Senate Foreign Relations Committee by Secretary of State Dulles following a White House conference.

In an all-out defense of the program which has undergone repeated attacks on Capitol Hill, Dulles testified: "To have this program appreciably reduced, interfered with, or put into jeopardy would gravely endanger the security of the United States. That is the considered judgment of the President and all his advisers who are charged with safeguarding our national security."

Dulles said that judgment was expressed in the President's message of March 19 and "has not been altered."

"The President told me that this morning," Dulles said.

Dulles reiterated that the administration supports a restudy of the overall foreign economic and military aid program, as called for by George, who heads the committee.

"But none of these questions relates to the basic validity of the program itself," Dulles argued. "It would indeed be ironic if, now that the Soviet has begun giving aid . . . the United States should withdraw from that program which it invented and let the Soviet take over that field."

"It is true that Soviet policies and doctrine now seem to put less emphasis on violence, and that is encouraging," he testified. "The danger of general war seems somewhat less, and that is an immense relief."

Dulles, who takes off tomorrow for a North Atlantic Treaty Organization meeting in Paris, testified against a background of threats to the Eisenhower program for the fiscal year starting July 1.

INSIDE STORIES

An old saying goes, "Good fences make good neighbors." Your Pettis County agent says it also permits efficient use of pastures. A picture and story are on the Farm Page, Page 7.

Adlai Stevenson is in Oregon these days, busy wooing the voters there. A rundown on his schedule is on Page 9.

On the same page you'll find Sen. George's reasons for his belief NATO should expand in international political activities, but that it should be the economic field.

Hal Boyle's Column—
Says Men May Live Longer
Talking As Much As Women

By HAL BOYLE

NEW YORK (U)—"Would American men, if they talked as much as American women, also live as long, too?"

Dr. Ira M. Altshuler, a Detroit psychiatrist, at least sees this as a possibility.

He has a theory that the big silent male, by keeping his trap shut too much, bottles up his latent hostilities and vexations. But the little lady, when she riles up, gets it out of her system pronto via her vocal cords. She talks herself calm.

Dr. Altshuler, who may fail to emerge as the average American woman's No. 1 pinup hero of the year, also leans to the view men shorten their lives by working too hard to keep their wives happy. He points out that the average wife "can rest when she chooses." He says household gadgets and the supermarket have made her life "one long day of leisure."

As a longtime defender of the modern woman, I can't ride all the way with Dr. Altshuler.

There certainly is a great deal of truth in his observation that housewives know the art of resting better than their husbands.

They are never more than 30 paces from a couch or sofa at home and all day long, in between chores, they flop down, stretch out for a few quick moments and take life's load off their minds as well as their feet.

If men had half as much sense, they'd run their life at the office the same way. What makes the tired businessman so tired is that, after a wearing three-hour luncheon, he returns to his job and makes one big decision after another.

What he should do is this: After making a decision, he should stretch out on a sofa for half an hour and rest his huge clashing brain cells. Then he'd be ready to arise and resolve another of those crucial issues that confront him all day long—to hear him tell it.

At the end of a day spent alternately in making decisions and taking siestas he'd return home as full of eager energy as his wife. He'd be glad to take her out more often for a night on the town.

But I must find fault with Dr. Altshuler's odd conclusion that

housewives enjoy "one long day of leisure."

Women worked themselves to death fairly young in the old days. Boredom also probably helped shorten their lives.

The ordinary active housewife today gets more done about the house in a few hours than her great grandmother did in two days. She runs a prettier house, too. But she doesn't stop with that.

The home doesn't circumscribe her universe. She takes more interest in the school her children attend. She takes an interest in the fields of sport, art, politics and culture—and even her husband's work. She isn't merely a slave to her home, as her great grandmother was. She knows five times as much about what is going on in the world.

There are probably many reasons why women live longer than men, including the fact they may be basically built of sterner stuff.

But surely one reason for the superior longevity of woman is—aside from her greater commonsense in taking proper rest when she needs it—her superior curiosity. She is actually intellectually more interested in exploring the endless and stimulating variety that life holds.

Interest is what keeps people alive. Men usually get bored with life easier than women do, and that certainly is partly why they let go of it sooner.

Men in later years have to find a hobby to keep from drying up—and giving up. But with women life itself is their favorite hobby.

Two Sedalians
At Evangelical
Synod Meeting

One-hundred and forty-three delegates and pastors from 83 churches of Missouri, Kansas, and Oklahoma met in the Salem Evangelical and Reformed Church, Higginsville, on April 24-26 for the 17th annual meeting of the Kansas City Synod of the Evangelical and Reformed Church. Immanuel Church, Sedalia was represented by Mrs. Hubert L. Smith, delegate, and Pastor A. F. Klemme.

Dr. James E. Wagner, president of the 800,000-member denomination, addressed the assembly at its opening service on Tuesday evening. He called upon the churches to support an advance program for the next three years to include: 1. The establishment of 100 new churches in North America; 2. The commissioning of 100 new missionaries and overseas workers; and 3. The enlisting of 200,000 new church members.

Among the important actions

Offers Books On Landscaping—
Gardening Manuals Available
At Sedalia Public Library

Would you like to have fun, save money, and do a better job of home gardening this year? The Sedalia Public Library is well prepared for the gardening season with gardening manuals which tell clearly and simply, with easy-to-follow diagrams and directions, how to get the best results from the space available. Among materials covered by experts is conditioning the soil, proper selection of garden tools, and the planting, care and maintenance of flowers, vegetables, lawns, trees and shrubs.

How to get rid of pesky weeds, how to control blight and undesirable insects, how to make a cold frame or greenhouse—every kind of gardening problem—is treated in the library's books.

Also available are books on landscaping, fruit culture, plant breeding, and the building of garden furniture, fences, outdoor fireplaces, walks and patios.

A few of the recent books which have been added to the library include the following: "Practical Gardening," "Shady Gardens—How to Plan and Grow Them," "The Care and Feeding of Gar-

dent Plants." "The Secret of the Green Thumb." "Gardening for Color," "10,000 Garden Questions Answered by 15 Experts," and "The Gardener's ABC of Pest and Disease."

The library also receives a number of magazines on gardening, including Better Homes and Gardens, and House and Garden. So, whether you're an apartment dweller determined to have the best window box in the neighborhood or the owner of a backyard plot or country place, the library has just the right books for you.

The famous Leaning Tower of Pisa was started in 1174 A. D. and began to list long before its completion in 1350 A. D.

Federated Service Guild Holds Meeting

The Federated Service Guild of the Congregational - Presbyterian Church met Thursday for a one o'clock luncheon.

The attractive tables carried out the spring theme with arrangements of pink and white crabsapple blossoms and pink tulips. There were 50 members and nine guests present.

Hostesses for the day were Mrs. L. F. Raab, chairman, Mrs. Bruce Richey, Mrs. Alice Schneider, Miss Helen Bowers and Mrs. William Haynes.

The president, Mrs. W. C. Housel, presided over the business session and Mrs. Hazel Stoffel had charge of the devotional.

Mrs. Henry Holst, program chairman, introduced Mrs. Herbert Seifert who gave an interesting book review, "The Flight From Natchez" by Frank Slaughter.

Mrs. Housel announced the annual picnic which will be held May 24 at Bothwell Lodge at which time the guild members will be guests of Mrs. Don S. Lamm.

Mildred Wright Circle Has Regular Meeting

Mrs. C. E. Oechsli and Mrs. Will Marti were hostesses to the Mildred Wright Circle of the Windsor Methodist Church at the April meeting Friday afternoon in Wesley Hall of the church.

For the program, Mrs. Lyman Avery gave an interesting review of the study book, "Indian Americans."

The business session was conducted by the circle captain, Mrs. Ernest Martin. Mrs. Maude Hensley gave a report of the year's work.

Mrs. Lloyd Port presented Mrs. Martin and Mrs. Hensley, co-captains, each with a potted geranium from the circle in appreciation of the work they have done during the year.

The older members, Mrs. Mattie Wilkerson, Mrs. Clara Powell, Miss Ida Shaw, Mrs. Mary Huston, Mrs. W. D. Hughes and Mrs. Lula Chipman, were each given a potted geranium, also the sick members.

Rev. E. F. Dillon and seven members of his Boy Scout group were visitors.

Meeting closed with repeating the Lord's Prayer in unison.

During the social hour the hostesses served refreshments.

Epsilon Beta Chapter Has Ritual of Jewels

The Epsilon Beta Chapter of Beta Sigma Phi met in the Magnolia Room of the Bothwell Hotel Monday evening at 8 o'clock. Ten members and the director and sponsor were present.

The ritual of jewels ceremony was held with Mrs. Ila Rymer and Mrs. June Flippin receiving their pins.

The following new officers were installed by retiring president, Mrs. Rosalie Pressley: president, Mrs. Mary Alice Flores; first vice-president, Mrs. Imogene Tubising; second vice-president, Mrs. Margie Wagenknecht; recording secretary, Mrs. June Flippin; corresponding secretary, Mrs. Connie Brummett, and treasurer, Mrs. Laura Beatty.

Miss Mildred Sutherland was re-installed as sponsor, and Mrs. Nadine Fingland was re-installed as director of the chapter.

Relax! Stay Young! Have Fun! with Mary Sherman's Perfumed Bubbling Bath Oil.

Today, with the mad pace of modern living, it is more important than ever for women to take a few minutes every day to completely relax... and what better way than in a warm, fragrant, feminine Mary Sherman Bubble Bath!

When running your bath, place a tablespoon of this highly concentrated Bubbling Bath Oil under the tap: turn on the water full force and watch the bubbles multiply to fill the tub and air with their delicate but pervading scent!

When you step in your beauty bath, you are immediately bathed in fragrance! Tired nerves are relaxed, muscles are soothed, strained facial lines disappear... you emerge from your Bubble Bath refreshed and invigorated!

You actually feel younger because the soothing oils tend to rejuvenate your skin, to make you look younger, too.

You'll delight in using Mary Sherman Bubbling Bath Oil because the bubbles do not disappear before you can enjoy them. They last through your entire bath for that luxurious feeling.

Four Fragrances There are four "Jewels of Fragrance" from which to choose:

Peridot... the magic allure of dew-drenched gardenias to weave a spell of enchantment around you.

About Town

Mr. and Mrs. Harold Silberstein, 917 South Osage, returned Tuesday night from a two-week trip through the west and southwest.

Mr. Silberstein attended the Mutual of Omaha sales congress in Las Vegas, Nev., after qualifying for the trip on the basis of his 1955 sales production record. He is a salesman for the Eisenstein Insurance Agency in Sedalia.

On their way home from Las Vegas, the Silbersteins took a trip through Arizona, New Mexico, Texas and Oklahoma. In Texas they visited with Mrs. Silberstein's brother and his wife, who live in Amarillo.

Mr. and Mrs. Charles Moore and son have returned to their home in Atchison, Kan. Mrs. Moore and son have been visiting her parents, Mr. and Mrs. John Curtis, LaMonte and with Mr. Moore's parents, Mr. and Mrs. Aubrey Moore, 1307 East Broadway. Mr. Moore has been transferred to St. Joseph where he will be manager of the meat market at the Safeway store.

Bill Veulemans, Five, Celebrates Birthday

A party was held at the home of Mr. and Mrs. Thomas Veulemans in Tipton Saturday afternoon, April 21 honoring their son Bill on his fifth birthday.

Guests present were Delmar and Charlyn Fassler, Anna Margaret, Mary Ellen and Buster DeCicco, Julius Fricke, Ronnie Worley, Kenney Fry, Charles Lammers, Lynn and Gary Moss, and David Stephens.

Games were played and prizes awarded.

At the close of the afternoon, Mrs. Veulemans, assisted by Mrs. Robert Lammers, served refreshments.

He received many nice gifts.

LOSE UGLY FAT TODAY AND TAKE INCHES OFF OF HIPS AND WAISTLINE WITH HUNGER TABLETS

Newest of formulas recently brought to light by medical science is HUNGER TABLETS a preparation to take fat off hips and waistline and will not affect the heart. For many who have tried "reducing treatments" and who have lost faith in them because of exaggerated claims and ineffectual results. HUNGER TABLETS bring new hope. Simply take 2 tablets before each meal and see if your clothes don't fit and look more attractive, especially around fat spots such as hips, waist, abdomen, etc. No strict diet is required. Insist on HUNGER TABLETS at your druggist. A 16 day supply for less than 19c per day. Guaranteed.

OBITUARIES

John D. Green

John D. Green, 55, brother of J. H. Green, county clerk of Pettis County, died Sunday afternoon at the Douglas County Hospital in Omaha, Neb., and the body is being brought to Sedalia in the Gillespie Funeral coach.

Mr. Green was born in Pettis County Jan. 22, 1901 son of Jess M., and Minnie Dee Green. He was a member of Sacred Heart Church and a carpenter by trade.

Surviving besides the brother named are his wife, a school teacher, two brothers, E. M. Green, Hughesville; Jess M. Green Jr., of Brawley, Calif., and a sister, Mrs. Lester Knight, Hughesville.

Funeral arrangements have not been completed.

Mrs. Stella R. Tevis

Mrs. Stella R. Tevis, 82, Houstonia, died at 9:50 a.m. Sunday at the Community Nursing Home, 209 East Seventh, where she had been since March 7, 1954.

She was daughter of the late Jacob and Mary Epple and was born near Longwood Nov. 28, 1873, and spent practically all her life in that community. On Oct. 2, 1895, she was married to L. L. Tevis, who preceded her in death several years ago.

For a long term of years she had been a member of the Longwood Presbyterian Church.

Surviving are: three sons, Harry W. Tevis, Hughesville, Marion L. Tevis, Houstonia, and Roy Tevis, Fillmore, Calif.; a daughter, Mrs. Mary E. Alexander, 1111 South Lamine; six grand children, seven great-grandchildren, several nieces and nephews. A sister, Mrs. Lena Haley, Houstonia, Route 1 survives.

Three sisters, Mrs. Amelia Moss, Annie Epple, and Mrs. Rose Greer are deceased as are three brothers, Dave, Cayton and Henry Epple, and a daughter, Lucile, who died in infancy, Dec. 14, 1914.

Funeral services will be at 2 p.m. Tuesday at the Gillespie Funeral Home, the Rev. D. Warren Neal, pastor of the Broadway Presbyterian Church, to officiate, assisted by the Rev. W. L. Robb.

Russell Maag will sing "Beyond the Sunset" and "In the Garden". Miss Lillian Fox will be at the organ.

Palbearers will be George Greer, Roy Haley, Rodney Tevis, Roy Epple, J. M. Epple and Ralph Haley.

The body will be taken after services by Gillespie Funeral coach to Longwood Cemetery for burial.

James L. Anderson

Funeral services for James L. Anderson, 83, well-known resident of Dresden, who died at Kansas City Saturday morning, were held at the Ewing Funeral Home at 2 p.m. Monday.

The Rev. E. L. Cornelius of Independence, Mo., officiated.

Mrs. W. L. Lewis sang, "Under His Wing" and "It Is Well With My Soul," accompanied by Mrs. Mae Moser at the organ.

Palbearers were Kenneth Anderson, Lloyd Anderson, D. E. Edwards, Lowell Swearingen, John E. Farris and Paul Gottschalk.

Burial was in the Dresden Cemetery. Mr. Anderson is survived by: his wife, Mrs. Mary Etta Anderson; one granddaughter, Mrs. Helen Rittman and one great granddaughter, Kansas City; and two brothers, George Anderson, Sedalia, and J. J. Anderson, Kansas City.

Claude Merton Muse Services

At the Neumeier Funeral Home, Smithton, funeral services will be

Nehru Announces Tighter Policy On Industries

NEW DELHI (AP)—Prime Minister Nehru announced today a new government industrial policy paving the way for more nationalization and further limiting the role of private enterprise in the Indian economy.

Nehru sent to Parliament an "industrial policy resolution" saying "the state will progressively assume predominant and direct responsibility for setting up new industrial undertakings."

The directive did not mention foreign capital. But Nehru has indicated India is sticking to a 7-year-old policy that foreign investors must "conform" with government industrial policy and arrange for Indians to assume progressive control of industries.

The resolution said the state would have "exclusive responsibility" for the future development of these industries:

Defense, atomic energy, iron and steel, heavy electrical equipment, coal, lignite, mineral oil, mining of iron, manganese and chrome ores and gypsum, sulfur, gold and diamonds; mining and processing of copper, lead, zinc, tin, molybdenum and wolfram; aircraft manufacture, air and railroad transport, shipbuilding, telephone and telegraph equipment and electric power.

S-C Music Students Participate in State Contest in Columbia

Smith - Cotton music students were taken to Columbia by their instructor, Mrs. Carl Schrader, to compete in the State Music Contest held there Saturday. Those receiving one ratings were Susan Schien, violin; Dick Shoemaker, voice; Judy Case, voice; Marcia Rissler, piano; Barbara Mabry, piano; the girls sextette; the boys quartette and the trumpet trio.

Music Club Presents Optimist Program

In observance of National Music Week a program will be presented by the Helen G. Steele Music Club with Mrs. William Hopkins in charge at the noon meeting of the Optimist Club at Bothwell Hotel Tuesday.

held at 2 p.m. Tuesday for Claude Merton Muse, who died Friday at his home there.

The Rev. E. F. Rathert, Smithton, will officiate and music will be by the Smithton Methodist Choir. Burial will be in Smithton Cemetery.

William A. Aldrich Services

Funeral rites for William A. Aldrich, 913 East Booneville, who died Friday, were held at 2 p.m. Monday at the First Baptist Church, the Rev. Thomas W. Croxton, pastor, officiating.

Palbearers were Forrest Winebrenner, Thomas Kindel, Joe Calzada, Harley Hageman, George Sparks and Ernest Davis.

The body was taken to Windsor by the Gillespie Funeral Home staff for burial in Laurel Oak Cemetery.

Mrs. Margaret Lee Rymer Rites

Funeral services were held at 1 p.m. Monday at the Gillespie Funeral Home for Mrs. Margaret Lee Rymer, 73, who died Friday at a Kansas City hospital after being a patient there three days. The Rev. Floyd T. Buntenthaugh, pastor of the Assembly of God Church, officiated.

Russell Maag sang "Beautiful Garden of Prayer" and "Dear to the Heart of God". Mrs. Del Heckart was at the organ.

Mrs. Cora Dunnaway Rites

Funeral services were held at 2 p.m. Monday at the Christian Church in Versailles, for Mrs. Cora Dunnaway, who died Friday at her home in Versailles. The Rev. J. L. Freeman officiated. Burial was in the Versailles Cemetery.

She was born in Morgan County the daughter of Joe and Eliza Roe, and married to Jesse Dunnaway in 1903. The couple celebrated their 50th wedding anniversary in 1953. They were the parents of 15 children, nine of whom survive.

In addition to her husband, Mrs. Dunnaway is survived by four sons, Everett Dunnaway and Jay Dunnaway, both of Ontario, Calif.; Paul Dunnaway of Versailles, and Henry Dunnaway of Baldwin Park, Calif.; five daughters, Mrs. Howard Barker of Eldon, Mrs. Charles Messerly of Council Bluffs, Iowa, Mrs. Ray Schulburg of Ontario, Calif., Miss Neva Dunnaway of Anchorage, Alaska; a sister, Mrs. Maude Routen of Syracuse; a brother, Dorsey Roe of Camdenton; 24 grandchildren and nine great-grandchildren.

Future Subscribers

Daughter, to Mr. and Mrs. Robert Ash, 1002 Murray, at 1:55 a.m. April 29 at Bothwell Hospital. Weight, seven pounds, 13 ounces.

Dismissed: Mrs. Effie Morris, Route 2; Miss Donna Rose Garrett, 1215 South Montauk; Mrs. B. E. Walker, Houstonia; Mrs. Loren Lewis, 1311 East Fourth.

Accidents

A 1953 Studebaker sedan was demolished sometime about 3:30 Monday morning when it left the highway and rolled over once. The driver of the car apparently was not injured as no one was around it when the State Patrol arrived, and no hospitals had received any injured persons.

Trooper Pete Stohr reported the driver apparently dozed at the wheel as it gradually left the right side of the pavement headed west, struck a drain and a small post went down on and struck another ditch and rolled over landing back on its wheels.

Trooper Stohr reported the license was issued to a resident of Knob Noster with whom he will check to ascertain who was driving the vehicle.

Forest Wright, 46, Hickman Mills was treated at the Bothwell Hospital early Sunday morning for a laceration on the top of his head, two black eyes, and bruises about his face. Wright said he had been in an automobile accident.

He was taken to the hospital by his nephew Alvin Byrd, Route 3, Hughesville, and nephew-in-law Gene Hayes, of Kansas City, Kan., who said they found him at the home of Wright's sister, mother of Byrd, 313 East 13th. They said he reported to them he had been in an accident.

Wright told Sgt. E. W. Van Winkle and Trooper Richard Joos, that he was riding in his car when the brakes were applied and the door flew open on the car and he went out. The accident supposedly occurred on Route B, the Sedalia-Green Ridge road.

After being questioned they were released by the Patrol. Wright was treated at the hospital by Dr. C. Gordon Stauffacher.

Fires

The fire companies at 12:02 p.m. Sunday were called to the Milner Hotel, Second and Lamine, where an electric coil in the elevator system had caught fire. Damage of about \$60 resulted.

CMSC Band Concert Will Feature Senior Student Conductors

Senior student conductors will be featured in a ten-number Central Missouri State college band concert, to be given in Hendricks Hall Tuesday morning (May 1) beginning at 10 o'clock. Frank W. Lidlal is director of the 80-piece band.

The student conductors to be presented are: Joan Rannabargar and William Schnabel of Kansas City; Robert Boula, Independence; Howard Kim, Harrisonville; Wilbur Stark, Amoret; Donald Wells, Sedalia; Bessie Stalling, Wellington; Charles Farmer, Higginsville; Marilyn Rohrbach, California; and Carol Sue Bevier, Brookfield.

Kansas Citian Heads Chiropractic Society

JEFFERSON CITY, Mo.—The Chiropractic Society of Missouri has named Leo Conley of Kansas City as its "doctor of the year." Ralph Powell of Lee's Summit was elected the society's new president at its annual convention here Saturday.

Lard Morris announced the tickets given for speeding are the same as a subpoena to police court.

Police Reports

Two break-ins of local firms were made early Saturday morning by thieves who ransacked both places.

John Williams discovered the Osage Building and Supply Co., on Clinton Road, broken into sometime prior to 7:30 a.m. Thieves entered the place by breaking out a window on the west side.

Inside they ransacked the office, desk drawers and filing cabinets. Nothing appeared to be missing. While investigating this robbery the police checked the Skelgas Plant next door and found it had been broken into. Here the thieves broke out a window on the east side of the building.

Here the office was ransacked. Reported missing was \$5 in pennies, nickels, dimes and quarters and \$4 worth of stamps, and two pads of freight drafts on the First National Bank of Kansas City.

Calvin W. Reneau, 1506 South Montauk, reported to the police that sometime Friday night or Saturday morning a tire and wheel were stolen out of the trunk of his car. The trunk was unlocked.

A tree limb was blown down in the street in the 1200 block on South Kentucky. The street department was notified and cleared it from the street.

A door to O'Connor's Chevrolet used car lot on the office in the 700 block on West Main was found open. The owner was notified and locked the door.

Capt. Warren Hurley, 2415 Greenwood Lane, reported to the police that while his car was parked in the 300 block on South Ohio, his Louisiana license plate No. 669376 was stolen.

The windows at the D-X Service Station, 818 South Limit, were found open by the police at 1:25 a.m. Saturday. The operator was notified and closed them.

A window to Mike O'Connor's Chevrolet-Buick Garage was found open by the police and the owner was notified. The officers locked the window.

Larry Cook, 400 South Grand, claimed a bicycle which was found and taken to police headquarters and which had been reported stolen April 20.

Lights were found burning in Montgomery Ward's warehouse, at Third and Massachusetts, by police checking business houses at 10:30 p.m.

Robert Bryson, Route 1, Sedalia, reported to the police that while

Henry Salveter Will Speak at BPWC Meet

Henry C. Salveter, attorney, will be the speaker at the dinner meeting of the Business and Professional Women's Club Thursday at 6:30 p.m. at Bothwell Hotel.

The special music will be by Karen Crosslin.

The meeting is in charge of the legislation committee of which Miss Helen Gikarlis, is chairman. Members of the committee are Mrs. William M. Allcorn, Mrs. J. C. Connor, Mrs. Ray Crosslin, Miss Margaret Ferguson, Miss Marie Fritz, Mrs. John Heiss, Miss Rose Leibbrand, Mrs. Leonard McClure, Miss Bessie Perkins, Mrs. J. Briggs Rice, Mrs. Morris Sagaloff, Miss Mayne Shipley, Mrs. Joe Brereton, Mrs. Nelson Pugh, Mrs. R. A. Malone, Mrs. P. V. Scotten, and Miss Alma Adams.

Disease Has New Name

LOS ANGELES (AP)—If you have ever suffered the disease known as GOK (and millions have) you may be interested to know there's a new name for it. It's now called yoo yoo.

Dr. Margaret Ann Storkan, Redondo Beach, told the California Medical Assn. convention it used to be that whenever a disease was not clearly defined in the mind of your physician, it was labeled GOK, which translated meant "Gosh only knows."

In order to standardize the nomenclature, Dr. Storkan explained, a physician at sea with your symptoms will now classify it in his files as "yoo yoo."

Translated, it means: complete ignorance of the nature of the disease both as to location and cause.

his car was parked in the 200 block on West Main about 11 a.m. Saturday, someone stole a spare tire and wheel valued at \$18 and a green box of tools valued at \$50. Articles were stolen from the trunk of the car.

Bill Almqvist, Eldon, Mo., lost his brown briefcase on Highway 65, found by a man who gave him name as Page who turned it over to police officers, who in turn took it to police headquarters.

A railroad stop sign at Montauk and the Missouri Pacific tracks was pulled up and was leaning over. The street and alley department was notified.

Jimmy L. Shireman, 513 South Osage, reported to the police his car, a 1953 DeSoto sedan with white sidewall tires, was stolen from in front of his home sometime early Sunday morning. It had license K27-104 on it.

Walker Paxton, 320 East 24th, reported to the police a spare tire and wheel stolen from his car while parked at Main and Kentucky, sometime between 8 and 10 p.m. Saturday.

Police were called to the Town and Country Shoe Co. building on North Missouri where boys were playing on a scaffold. The boys were run off of the scaffold and told to stay away from there.

Loans made to residents of nearby towns

It's not unusual for repair bills to catch a family unprepared—and borrowing the necessary money is often a common and sensible solution.
In fact, nearly two million folks borrow money from Household Finance every year to pay medical bills, repair bills, travel expenses... the kind of expenses you may face yourself right now.
HFC loans are prompt and convenient. You can get \$20 to \$1000, usually in just one day. If you have a steady income, and can repay in regular monthly installments, you meet the principal requirement for borrowing at HFC. If you have a money problem, phone or drop by today!

Cash You Get	MONTHLY PAYMENT PLANS			6 Payments
	24 Payments	20 Payments	12 Payments	
\$ 50	\$ 5.41	\$ 6.24	\$ 9.58	\$ 8.99
100	10.83	12.49	19.16	17.98
200	16.25	18.73	28.74	25.96
300	21.67	24.98	38.33	35.93
400	27.09	31.22	47.92	45.90
500	32.51	37.46	57.51	55.87

On loans of \$400 or less charges are 2.21% per month on unpaid balances. On loans above \$400 charges are 2.21% per month on the portion in excess of \$400 and 1.5% per month on the portion in excess of \$400, both portions repaid simultaneously.

Heads Up, Pedestrians!

There is just bound to be some repercussions from the edict of Chief of Police Neighbors that pedestrians must not walk against the traffic lights.

Sedalians, as well as our rural friends who come here to shop, have been walking across Ohio and Main streets in the business districts using their own judgment respecting personal safety ever since those thoroughfares were first paved with wood blocks, long before traffic lights were heard of, and only a runaway horse and buggy was a threat to life and limb.

But the Sedalia traffic situation began to change a half a century ago. In fact, Mayor Babcock 40 years ago suggested to council the imposition of a city tax on automobiles because they were getting so plentiful, which also indicated that anything that looked like a good tax prospect is not strictly a device of the modern era.

As time went on traffic ordinances became necessary. Finally they included pedestrians. The purpose was protection, not punitive. Those on foot were endangering themselves walking in front of approaching automobiles.

It's the law now; walking against a stop light in violation of a city ordinance, the same as driving against it—and the penalties are alike. Chief of Police Neighbors didn't make the law any more than Sheriff Taylor didn't make that gambling law. But they are both required to enforce them.

If the pedestrian traffic law is going to be enforced after its long neglect, and the confirmed habit of the people to ignore it, then there may be tempered justice in having a season of re-education and warning before the tickets are passed out and fines levied. Such was the case preceding introduction of radar speed checks to the Sedalia scene.

Some pedestrians will get pretty flip when a policeman walks up to them and calls attention to a pedestrian law violation. This is not to be condoned any more than a motorist getting smart when given a warning.

Patience truly will become a virtue when enforcement of the pedestrian ordinance begins with vigor. Our traffic condition worsens as increased number of automobiles appear on the streets to threaten those on foot.

We doubt the pedestrian ordinance will be repealed. There could be some modifications.

It seems there must be some control over pedestrian traffic, the same as automobiles. But enforcement will not be effective unless backed up by public opinion. If the latter is lacking then one way to find out will be strict enforcement of the present ordinance.

President U. S. Grant had a word for it when he said:

"I know of no method to secure the repeal of obnoxious laws so effective as their stringent execution."

Washington Merry-Go-Round—

Longshoremen Take Boss Beck Off Hook

By DREW PEARSON

WASHINGTON — The New York longshoremen have now taken Dave Beck, czar of the Teamsters, off the spot, just before he faced a showdown with George Meany over AFL-CIO unity and aid to a racket-ridden union. However, insiders who know the tension between the Teamsters and other unions predict that sooner or later a tough showdown must take place between Meany and the head of the largest labor union in the world.

The test will be not only of the AFL-CIO's ability to hang together, but of George Meany personally. Labor leaders throughout the nation will be watching to see whether he stands up to Beck or whether he becomes another Bill Green, the kindly humanitarian president of the A. F. of L. who remained a benign figurehead while the big unions dominated the A. F. of L. show.

Those who know Meany are betting on him. He has stood up to Beck before, has also stood up to the powerful, law-unto-himself, John L. Lewis. Beck may even duck out on the meeting scheduled for tomorrow. He says he's very "busy."

Meany is shrewd enough not to have a showdown immediately. So tomorrow's special meeting will probably result in referral to the regular meeting of the AFL-CIO executive committee in June. Final action may even be referred to the AFL-CIO convention. In the end, however, those who know Meany know he is not going to give. And those who know Beck know that he is one of the toughest, shrewdest operators in the entire union field.

Beck's House and Furniture
Dave Beck is a boy who usually gets what he wants. When he doesn't get it he calls a strike or fires people.

That's why bad publicity makes him sore. When word leaked out that the Teamsters International Board had voted to buy his house in Seattle for \$150,000, then let him live in it the rest of his life, Beck really got sore. He immediately fired his entire public relations staff.

Finally Eddie Cheyfitz, smart attorney and public relations expert who used to be with motion picture czar Eric Johnston, persuaded Beck to hire them back. He pointed out that firing his staff would only make his public relations worse.

What Beck didn't know was that one of his own international board had leaked the news of the house purchase. The teamster who got credit for leaking was Tom Hickey of New York, now engaged in a knockdown, drag-out battle with John J. O'Rourke for control of the New York teamsters.

Guest Editorial—

TAMPA (Fla.) TRIBUNE: Just Robbing Us Taxpayers. Robbing a private citizen is generally regarded as a crime not to be taken lightly. But in some part of Florida, robbing the public by fraudulent welfare claims apparently is considered no crime at all.

We quote Mrs. Ann Curtwright, director of the District Welfare Board based in Orlando, in a statement at a session of the State Welfare Board:

"Prosecutors in our area say it is not politically expedient to prosecute (welfare) fraud and will not take the cases."

In other words, it's only the faceless taxpayer who is being cheated so nobody minds. Well, we mind. This state is handing out millions of dollars every year in aid to the old folks, the mothers of dependent children, the blind and disabled. The more money the chiselers get, the less there is for the really needy. And the more fakers who escape prosecution, the more there will be lining up for a whack at the pie.

If Mrs. Curtwright's statement accurately represents the situation in the Orlando district, more than welfare fraud is involved. There's plain neglect of duty by the responsible prosecuting officers. And this is a matter that should have the attention of Governor Collins.

Thought for Today—

Open thy mouth, judge righteously, and plead the cause of the poor and needy.
—Prov. 31:9.

Life of a Salesman

The World Today—

Dulles Brothers' Evaluation Must Wait

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP)—This country may not be able to judge during their lifetime the success, or failure, of a pair of brothers who hold two of the most important jobs in the government.

As head of the Central Intelligence Agency, Allen W. Dulles, 63, supplies his brother, Secretary of State John Foster Dulles, 68, with information which helps shape American foreign policy.

Secretary Dulles has an obligation, as foreign policy guide in a democratic society, to keep the public as informed as possible on what the foreign policy is and the reasons behind it.

Because too much revelation at a given moment might defeat the purpose of a policy, Secretary Dulles' wisdom, or lack of it, may not appear for a month or a year and the full results may not be visible for a generation.

But CIA Dulles has no obligation at all to keep the public informed. On the contrary, his agency was created to be, because of the nature of its work, the most secret in government.

So the full achievements, or mistakes, of CIA Dulles may never publicly be known. Even Congress, which checks on every other government agency, has comparatively very little information about the CIA.

Congress doesn't even know how much money it spends or how many people work for it. CIA Dulles is answerable only to members of four congressional committees: armed services and appropriations subcommittee of both houses.

While members of those groups have said on the floor of Congress

Looking Backward...

TWENTY-FIVE YEARS AGO

J. T. Montgomery attorney, left for Excelsior Springs for a ten-day sojourn.

1931
Mrs. W. W. Bolton, son, Charles William Haines, Roscoe Hoffman and Miss Rose Semon were in camp at Linn Creek on a week's fishing trip.

1931
Wilmer Steeples and A. W. Rennicks were in Boonville to attend a meeting of the grand chapter of the grand chapter of the Royal Arch Masons.

1931
Mr. and Mrs. J. C. Griffin moved from 400 South Quincy to 1406 South Barrett.

1931
Mr. and Mrs. Victor Scott, recently married, have taken one of the Dean apartments, on East Broadway to reside.

FORTY YEARS AGO
Marcellus Berry, former Sedalian, manager of the Sears-Roebuck Company's office in Seattle, Wash., was here visiting friends.

1916
The Rev. C. V. Criss, district superintendent of the Methodist Church, occupied the pulpit in the First Methodist Church in the absence of the pastor, the Rev. W. T. Wright, who was in the east.

1916
Roy Whitley and Roy Haynes, Sedalia young men, enlisted in the Army at the local recruiting to be assigned to the coast artillery.

1916
B. J. Curran, for several years employed at the Cordes store on West Second, resigned to leave for Carter, Mont., where he intended to reside.

CIA Dulles is frank in answering their questions, they also have said they are careful not to pry too deeply into his agency's operations.

It has secrets, they say, which they don't want to be responsible for knowing. Last year the special commission headed by former President Hoover looked into the CIA and generally gave it a pat on the back. But it had some reservations.

It said Dulles was a hard worker but tried to do too much by himself. And the commission expressed disappointment that the

CIA wasn't getting more information from behind the Iron Curtain.

The CIA evaluates information gathered by its own and other government agents overseas and presents this to the National Security Council.

The NSC, composed of President Eisenhower, Secretary Dulles and other top officials, is the highest and most important policy-making body in the government.

Recently, as a result of Hoover Commission recommendations, Eisenhower appointed a committee of distinguished citizens to look into CIA operations, but only periodically, and report to him.

Ruth Millett

Barren Lives After 50 Are Tragedy Of Our Times

"Too many women today are finished in their fifties," says an intelligent woman. She happens to be one who has managed to keep her own creative interests alive while her children were young and still has interests to give meaning to her life now that she is a grandmother.

"For all that they are taught about being good wives and good mothers," she continues, "the education of women for the years beyond 50 has been sadly neglected."

She is right, of course. And right in her contention that "busy work" dreamed up by women's clubs isn't enough to give the past-50 woman any sense of personal worth or accomplishment.

In time, we may — in fact, we must — do something to teach women how they can make the later years of their lives blossom and bear fruit.

But until our educational system starts preparing young women for the years ahead each woman is going to have to figure out her own course.

The important thing is that she must not wait until she is in her

fifties to face the problem of making a good, later life for herself.

It is too easy then to become discouraged and to be afraid of trying something new. It is difficult, then to reach back into her mind for the interests she once had and bring them out and shine them up.

The best way for a woman to make sure that she isn't finished in her fifties is to maintain her interests and develop her talents during the busy years of her life.

If she "gives up everything" for her family she is almost sure to feel lost and unneeded once her children grow up and leave home.

Accompanying the check, Charles said, was a letter which read:

"It is with great pleasure that I give this money to Uncle Sam. In the past three years, I have visited 33 countries and those visits convinced me that we are the only 'real free people' in the world. Let us pray that we will remain free."

JAPAN MAKES ESTIMATE OF ITS PROSTITUTION
TOKYO (AP)—Japan has 140,800 women relying on prostitution for a living, the government's Women's and Minors Bureau estimated today.

As Sedalia Sees It—

Gov't, Industry Hold Key To Peaceful Atomic Progress

By Joseph A. Dear
Democrat-Capital
Washington Correspondent

WASHINGTON — The outcome of the struggle for political dominance between East and West in the end may be decided on an economic rather than a military battlefield.

Russia is edging us in the development of atomic power for military use. Our lead has been narrowed to the point where strategists speak of an "atomic stalemate." In short, all our nuclear warfare would be utterly ruinous.

The Russians also have been able to challenge our conventional military power in situations where we were unwilling to react all-out. Korea is a case in point. And so is Indo-China.

But in the economic sphere we are yet supreme. And it is here that we must meet the new challenge. Igor Kurchatov, Russia's leading authority on affairs atomic, described with astonishing frankness to a British audience experiments looking toward peaceful exploitation of the fusion process that occurs when a hydrogen bomb explodes.

The Russians haven't got it figured, not yet. But it would be a great coup if they beat us to it. For at the moment, the H-bomb signifies nothing but the ultimate in destructive power. To harness this mighty force for constructive use would be a mighty achievement.

If the Russians edge us enough in the field of peaceful nuclearities, they will be in a position to export technical know-how to have-not nations of Asia. Many Asian areas suffer from a shortage of conventional power. For that reason, peaceful use of atomic power holds glittering promise to them. Even if the amount of useful power from an atomic source was inconsequential, the Russians would score heavily by exporting the know-how.

There is a suspicion here that Russia already has captured the lead in this race. Albert Gore, the other Senator from Tennessee, has called for a "crash program" to restore parity.

Gore, taking note of the progress Russia has made, told the Senate "we stand to lose the atomic power race" unless the federal government acts. Specifically, Gore wants the government to launch a "vigorous

ous program" to increase construction for action, though not along the same lines. A group of private power companies has urged Congress to modify the Holding Company Act that regulates power companies.

Under legislation passed in 1954 private industry was assigned the job of building and developing atomic reactors. According to Gore private industry hasn't done the job.

Private industry also is agitating for action, though not along the same lines. A group of private power companies has urged Congress to modify the Holding Company Act that regulates power companies.

Senator Charles Potter (R-Mich.) has offered a bill which would achieve this purpose. The bill would permit two or more independent utility companies to organize and operate an atomic generating plant, the output of which they would absorb. The bill also would empower industrial concerns to participate in mutual ownership of atomic reactor generating plants without becoming subject to the Holding Company Acts.

The thought is that these modifications of the Holding Company Act would stimulate construction of atomic generating plants and the entire field of peaceful atomic energy.

The Securities Exchange Commission appears to have misgivings about the Potter bill. This is understandable enough, because the Holding Company Act was designed to prevent the resurrection of a paper empire such as that built by Samuel Insull.

But the problem of meeting the Russian challenge looms large. And no solution will be in sight until government and industry agree on a policy.

Thinking It Over

By Robert Dieffenbacher, D. D.

Shoestrings always break when we're in a hurry to get dressed. "I knew I should have gotten a new pair yesterday," you say to yourself, "but I didn't think one would break this soon."

The string really was not too badly worn but you put off the little purchase in favor of doing other things. We all delay taking care of little things which may really be quite important.

"Many little things are vital in their relationships to big things. Little nails hold big buildings together. Small links, when joined, make a chain."

Many items which seem insignificant in themselves are key parts of the whole. We really have to take care of details if we are going to benefit from the big things of which they are a part.

Furthermore, you were in a hurry when you broke the shoestring. You were under an added strain, so you tugged harder than usual. The extra pull broke the material and you were delayed.

There are so many little tensions which result in added strains. We overlook the control of our muscles, our emotions and our tongues. Little added strains disturb us and we do or say something which we had not meant to do or say.

Good Fences Are Essential To Get Best Pasture Use

Several Factors Determine Good Fence Quality

Good fences are essential to permit full use of all fields and pastures for grazing, "hogging down" grain crops and salvaging feed that is often lost. Fences also help protect crops and livestock from injury and losses; saves time and labor in handling livestock efficiently; and facilitates breeding feeding, and control of disease and parasites, besides adding to the appearance and sale value of the farm.

Double Span Brace Assembly
The above picture of the Double Span Horizontal Brace Assembly was taken on the Tom Yeater farm which is four miles south of Sedalia on the waterworks road. Carl Scheneman, Agricultural Engineer, stated at the last Farm and Home Planning Dinner meeting that this type of brace was most efficient and economical, and they are most successful in resisting horizontal and vertical post movement which is a common cause of fence failure.

All posts in this type of brace assembly should be set 3 1/2 feet or deeper and eight feet apart. This increases the holding power 80 to 90 per cent over 2 1/2 foot depths. Line posts should be set at 2 1/2 foot depths.

There are two tension wires consisting of four strands (two loops) of No. 9 wire. One is placed from the bottom of the first post to the top of the second post and the other from the bottom of the second post to the top of the third. These wires are then twisted and the stick left in the loop.

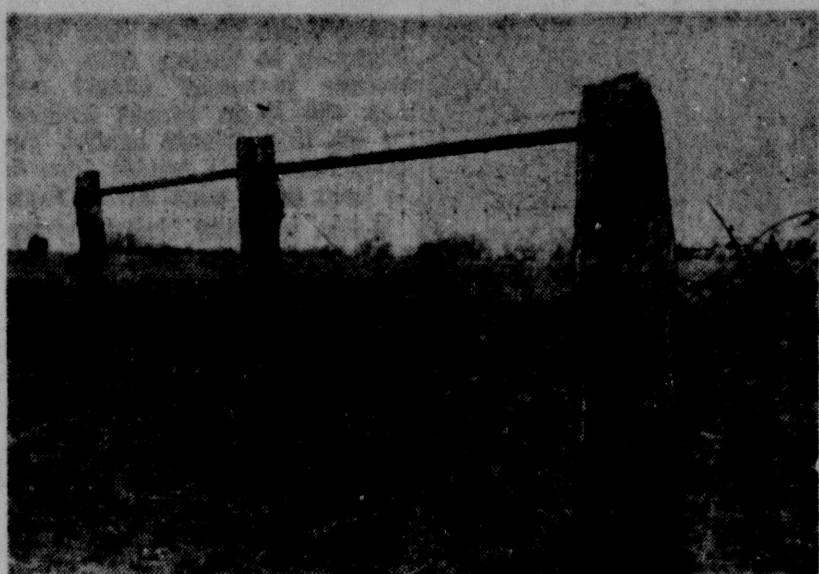

A horizontal line brace (single span) was used at each stretching point which gives you a better go of stretching the wire.

Select Durable Posts
Carl made the statement that if a fence didn't last for 14 years, it was doubtful if you get a good return on your money invested and time you spent in constructing the fence. In order to get the fence to last 14 years we have to select durable posts. Those recommended are: Osage Orange which is most commonly called "hedge", Catalpa; Black Locust; pressure treated non-durable species and the steel posts.

Causes of Fence Failure
One common cause of fence failure is the extra kick on the staple. The wire should be allowed to move under the staple as 1/4 mile of fence may contract as much as one foot.

Another cause of failure is too great of a spacing between the top of the woven wire and the first barb wire. This distance should be three inches. If it is much more than this, then your livestock will be reaching through the fence with their heads and riding the woven wire down.

It is also a good idea to place the bottom of the woven wire about four inches off the ground. This

The picture of the double span, horizontal brace assembly was taken on the Tom Yeater farm, one of our Farm and Home Planning members. This is the type of corner and end bracing that the University is recommending so highly. This seems to be one of the most efficient and economical type braces.

Central Missouri's Weekly Farm Forum

Planting Of Sorghums For Threshing

By William J. Murphy
MU Extension Field Crops Specialist

much of the increased interest in combine type grain sorghums has been due to comparatively good performances during the past few dry years. Also, the crop is not restricted by allotments. These sorghums are easy to grow and the fact that they can be harvested with a combine adds to their attractiveness.

There is one major difficulty in growing combine sorghums here in Missouri. Under normal moist fall conditions, the grain dries out very slowly in the field. This makes it difficult to get the grain harvested with a low enough moisture content to keep in storage. The College of Agriculture recommends combine type sorghums only where a farmer has drying facilities or can sell the crop direct from the combine to someone that can dry the grain.

These sorghums are a warm weather crop and should be planted a week to 10 days after a normal corn planting.

Planting rate should be three to five pounds per acre. That seems like a small amount compared to the 10-12 pounds used for silage sorghums but heavier planting rates do cut grain yields in dry seasons.

Recommend varieties include: Colored seed — Martins, Westland, Redline No. 60, Plainsman. White seed — Combine Kafir No. 60. There is only a limited supply of hybrid sorghums and it is not known whether they are adapted in this area.

Fertilize these sorghums about as you fertilize for corn. Use a soil test as a guide. Probably in no case should more than 60 pounds of actual nitrogen be applied.

Weeds can be a problem in these combine sorghums. A pre-emergence treatment of 2-4D cannot be used on sorghums but a post-emergence treatment can be made using the same rates as for corn. Sorghums are a bit more sensitive than corn so application rates must be accurate.

will eliminate the possibility of dirt and trash drifting in and covering the bottom strand of your woven wire which in time would rust the wire out.

Tom followed all these specifications and consequently has a fence that will last for several years.

Seed Certification Date Is Extended

Word has just been received from the Missouri Seed Improvement Association by the Extension Office. They say that due to the backlog spring applications for Certification of small grains will not be due till May 15. No application will be accepted after May 22nd.

The Farmers Home Administration urges its borrowers to turn to the county home demonstration agent for help with family living problems. As a result, many of the wives are joining Extension women's clubs and in some places new clubs are being formed to include the young farm homemakers.

The home demonstration agent also helps with individual home needs such as planning kitchen improvements, money management, food production and conservation, and health problems.

Fine and DeWolf said they are proud of the progress Farmers Home Administration families are making in better farm and home planning.

The Farmers Home Administration, makes loans to farm families to improve their farming operations, or to buy, improve, develop, or enlarge their farms, and under certain conditions to meet emergency needs. The loans do not compete with commercial or cooperative credit but the agency does supplement other lenders' services by providing credit and technical assistance to farmers whose credit needs cannot be met from other sources. These families are helped to improve their farming and farm income to the point where they can graduate to the use of regular credit sources.

World Record Corn Crop Year Is Predicted
A world 1955-56 corn crop estimated at 6.2 billion bushels tops the previous record set in 1948 of six billion bushels according to recent reports received by the U. S. Department of Agriculture. This year's current estimate is 620 million bushels above the 1955 crop.

The bulk of the increase is in the Soviet Union and the United States. However, a large part of the unprecedented large crop grown in compliance with the Soviet Union's stepped-up corn program was harvested at an immature stage for silage and fodder.

North American production, which represents slightly over half of the world crop is estimated at 3.4 billion bushels compared with 3.2 billion one year ago. Most of the increase was in the U. S. An increase of about ten million bushels in Canada was more than offset by a reduction in Mexico, the second largest corn producer of the continent.

Europe's corn production is reported back to a prewar level of 690 million bushels after a succession of below-average yields and is sharply above the 1945-49 average. Corn production in Asia estimated at 730 million bushels is below the high level of the past three years but still well above average. Africa too has an estimated crop of less than 1954's but still sharply above average.

A new policy is being initiated regarding rent on the forms. In the

FHA Assists In Efficient Expenditure

Keeping close tab on money spent running a farm and farm home and getting a large part of the family food from the farm itself are marks of efficient farming, Kenneth F. Fine and Oscar H. DeWolf, local county supervisors of the Farmers Home Administration, said this week.

Besides lending money to farm families this agency helps them with farm and home planning problems and supplies technical aids in farm and home management so they can make the most of their land and family labor resources and repay their debts.

Farm families are consumers as well as producers, and families with Farmers Home Administration loans call on the supervisor for aid in planning expenditures. He helps them get started on keeping farm records, and those records usually show that family living items can easily amount to one-fourth of the gross farm income.

A good farm garden, when feasible, is an essential part of every farm and home plan for the family that is seriously trying to save money, make the best of opportunities, and repay debts. They pointed to butchering home meat supplies, producing their own milk and eggs, and proper conservation of all home produced food as being among other factors in efficient farm and home planning. They said a good garden can save a family anywhere from \$100 to \$500 a year. Their records show that some families have produced over a \$1000 worth of food from the far midring 1955.

The Farmers Home Administration urges its borrowers to turn to the county home demonstration agent for help with family living problems. As a result, many of the wives are joining Extension women's clubs and in some places new clubs are being formed to include the young farm homemakers.

The home demonstration agent also helps with individual home needs such as planning kitchen improvements, money management, food production and conservation, and health problems.

Fine and DeWolf said they are proud of the progress Farmers Home Administration families are making in better farm and home planning.

The Farmers Home Administration, makes loans to farm families to improve their farming operations, or to buy, improve, develop, or enlarge their farms, and under certain conditions to meet emergency needs. The loans do not compete with commercial or cooperative credit but the agency does supplement other lenders' services by providing credit and technical assistance to farmers whose credit needs cannot be met from other sources. These families are helped to improve their farming and farm income to the point where they can graduate to the use of regular credit sources.

Will Conduct Tube Structure Demonstration

TOP BULL AT GUERNSEY SALE—The top bull in the 20th Midwest Invitational Guernsey sale at Waukesha, Wis., April 23 was the McDonald's Farm's Odessa's Winton, sold for \$1,650 to J. E. Funk and his son, L. E. Funk, Prairiemead Farm, Windsor. This picture, taken at Waukesha by the Waukesha Daily Freeman, shows three generations of the Funk family—the son, L. E., at left, the grandson, Kent, and the father, J. E., second from right. In the center is K. C. Sly, and, at right, Les Mathews, both of McDonald Farms.

GOOD FARMING

in Pettis County
By MERLE VAUGHAN
County Extension Agent

Fairfax Likes Lot Arrangement

The executive committee of the Agricultural Extension Council met at the office recently with the Agricultural Committee of the Chamber of Commerce. As the group was leaving Emmett Fairfax stopped by our office model of a good farm lot arrangement. He studied it a minute, then turned to me and said, "We have a layout copied after this and used it the other day to dehorn 20 head of cattle." Then he added, "It's the first time

I ever helped dehorn cattle and didn't work my head off, with that lot arrangement it was easy."

Jim Perry had helped Emmett plan how the lot arrangement could be fitted into his farmstead layout. We have blue prints to show the basic parts needed and then this office model puts the finishing touches to the story.

Yeater to Build Tube Structure
Elsewhere on this page is a story of a tube structure to be built as a demonstration at Tom Yeaters on May 8. Tom lives on the old Pound farm about a mile south of the covered bridge and waterworks on Ingram Avenue.

Tom built his terrace outlet several years ago and has been gradually turning more terraces into it. The water has now cut a ditch back at the lower end of the outlet just about the right size to hold the tube. The tube will be put in at the meeting and the fill work probably left at least till the concrete around the tube has had a chance to set up well.

Quite a few other folks are also thinking structures this spring. I helped Tom Ream complete the planning on one recently. It will protect two terrace outlets, one built in 1948 and the other in 1950. On the other hand Joe Bill Reid is putting one in soon for which the outlets were just built last fall. I also helped Edgar Durely plan one last week but the outlet is just to be built this summer and it will be several years before the structure is needed.

It is important to plan the type of structure to be used at the time the outlet is built. That way any filling needed can be completed with the outlet. Such an arrangement was made at Yeaters. A small gap was left through the dam for the pipe and can be filled later with farm equipment.

A set of removable cattle guard forms were built for the Farm and Home Planning Association two years ago. Up until this year there has not been too much demand for them. A few have used them including Emmett Fairfax, Rudy Rehmer, John Sneed and Sherman Pritchard.

However, this spring three different folks have asked for them in quick succession and one of them plans to build two guards. The forms are being kept at John Sneed's but application for them must be made through the Extension Office or by contacting Estel Hudson who is in charge of the Farm and Home Planning work in the county.

A new policy is being initiated regarding rent on the forms. In the

Have Become Popular—Horizontal Silos Are Easily Filled, Serve Self-Feeding

By Don Brooker
MU Agricultural Engineer

Horizontal silos have become popular because they can be filled easily and can be used as self-feeders. Many Missouri farmers found this out the past few drouth years when they were more or less forced into using the trench type of horizontal silos.

Many of these trench silos have been made into permanent farm structures by putting in concrete floors and walls. Unfortunately, many trench silos cannot be located near the feeding area where they are convenient to use. The above ground horizontal silo can be used in situations where the ground does not have adequate slope to permit construction of a trench silo.

The agricultural engineering department at the University of Missouri began a research program about three years ago to study various features of the above ground silo. This work had progressed to the point that in 1955, an experimental silo was built on the agricultural engineering farm

near Midway, just west of Columbia.

Three types of wall construction were used in this silo. One wall was made of concrete panels that were cast on the floor and then tilted into place against concrete pilasters or concrete posts. One-half of one of the walls was of concrete blocks supported by concrete block pilasters. The other half of this wall was of creosoted posts with rough oak planking.

The creosote post, rough oak wall can be built with about half the labor and material cost of the concrete or concrete block wall. However, walls of horizontal silos must be air tight so lumber walls must be lined with heavy building paper. This paper must be replaced every year, an additional cost factor.

A special panel was built into one of the silo walls. This panel was constructed so that pressure of the silage on the wall could be measured. Also, the force exerted by the packing tractor when it ran close to the wall was measured.

A self-feeding rack was placed in the silo and has done a good job of self-feeding. A special feature of this rack is that the platform the cows stand on to eat extends back far enough that the cattle must stand on it with all four feet while eating. This keeps them from pushing the rack out of place.

All phases of this research are not completed but if anyone would like information concerning horizontal silos, they should write the Agricultural Engineering Department, University of Missouri.

LESS GROUND + KELLOGG'S HYBRIDS equals

BIGGER PROFITS THAN EVER!

the locally grown hybrid makes the difference!

This kind of arithmetic means something to corn planters this season. And it's true... Kellogg's Hybrids are better adapted to all types of Missouri and Kansas soils; therefore, they give better stands of higher quality corn. Kellogg's gives more feed value, too! Plant the KK variety that is adapted especially to your particular needs.

Try These KK Varieties

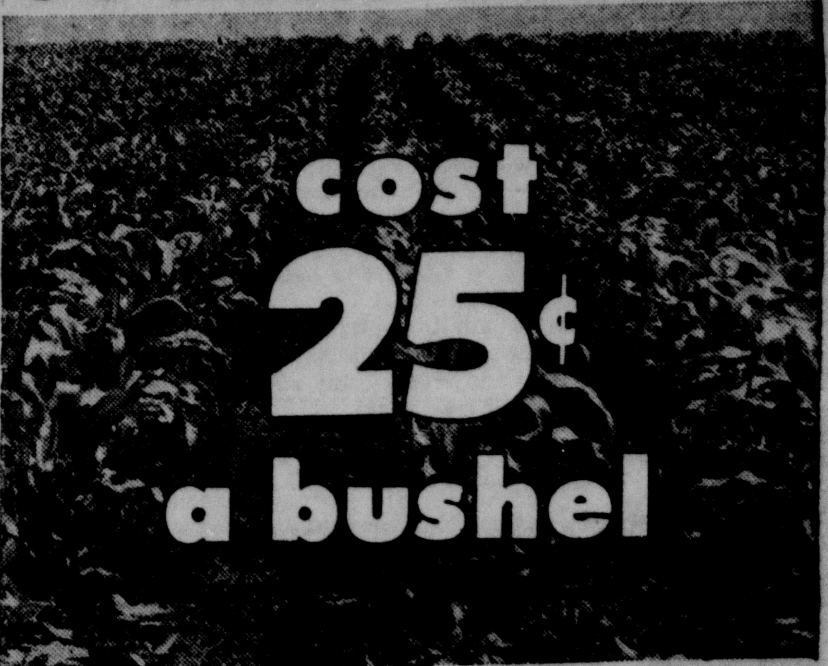

KK-77... most popular KK hybrid with record production on soils ranging from low to high fertility. Superior standing ability.
KK-28... especially recommended for June planting, matures rapidly at the end of the season in 90-100 days.

68 Extra Bushels

from CORN side-dressed with MFA ANHYDROUS AMMONIA

Gives KNEE-HIGH CORN that EXTRA "KICK" for CRIB-BUSTING YIELDS

In 1955, eighty-seven Mo. farmers side-dressed their corn when it was about knee-high. Used average application of 80 pounds MFA ANHYDROUS AMMONIA (82% Nitrogen) per acre. They harvested an average of 108 bushels corn to the acre. This was 68 more bushels per acre than the state average of 40 bushels an acre. MFA ANHYDROUS AMMONIA builds larger root systems that reach deeper for available moisture. Also gives growing plants immediately the needed nitrogen to make bigger ears. Phone or see us today about a side-dress for your young corn.

SMASHES OLD DRAKE RECORD—Duke's Dave Sime, smashes the oldest Drake Relays record in Des Moines, Iowa, April 28 with a 9.4 clocking in a water-logged 100-yard dash. Sime led all the way to beat Bobby Morrow of Abilene Christian (right) by a yard and a half. The old record was 9.5 set in 1926 by Nebraska's Roland Locke and later tied twice. (AP Wirephoto)

Kluszewski, This Wally Post May Grab That Heavy Sugar

By JACK HAND
The Associated Press

Attention Ted Kluszewski. If you don't get back in that Cincinnati lineup and start swinging that home run bat at a \$40,000-a-year pace, Wally Post is going to be grabbing the heavy sugar.

Post, a farm boy from St. Henry, Ohio, is a vastly underrated slugger who can hit a ball as far as anybody.

They dug into the record books at Cincinnati yesterday when the 26-year-old outfielder hit four home runs as the Redlegs swept a double-header from Chicago 5-4 and 8-4. Only one man, Stan Musial of the St. Louis Cardinals on May 2, 1954, ever hit more. Stan set the record of five.

Post also hit one Saturday to make it five in three consecutive games, also one short of the major league record of six held by Tony Lazzeri, Gus Zernial and Ralph Kiner (twice).

With the help of Post's slugging, Manager Birdie Tebbets' Redlegs finally climbed up to the .500 mark in the won-and-lost column after a sad start.

Ed Bailey and Frank Robinson joined Post's homer party and Harry Chitt, Ernie Banks and Jim King hit home runs for the losing Cubs.

Brooklyn's double defeat by Pittsburgh, 10-1 and 11-3, dropped the world champions out of the National League lead. Milwaukee, idle for seven straight days, took over on a percentage basis.

Bob Friend and Nelson King, coming to the relief of Vern Law, did the job on the Dodgers, who saw Don Drysdale, their 19-year-old rookie, and sore-armed Billy Loes knocked from the box.

Jackie Robinson and Duke Snider were injured in the first game but they are not regarded as serious casualties. The thing that hurt Dodger manager Walter Alston most was the comparison between this year's 7-4 record and last year's 13-2 on the same date.

Jack Shepard, who hit two homers all last season, hit two in the first game for the Pirates. Frank Thomas and Law also homered for the winners and Robinson and Roy Campanella for the Brooks.

Ramon Montant, 23-year-old New York Giants right-hander, turned in one of the season's best pitched games, a one-hitter against Philadelphia. A first-inning single by Del Ennis that drove in a run was the only hit.

The Phillies topped the Giants in the first game of the twin bill 5-4. Relief pitcher Jack Meyer won it in the 10th with his first major league home run after pinch-hitter George Wilson of the Giants tied the score in the ninth. Andy

Seminick had put the Phils out front in the top of the ninth.

Rain, wet grounds and cold postponed double-headers between St. Louis and Milwaukee and Chicago and Kansas City, and a single game between the New York Yankees and Boston.

Herb Score made the headlines the hard way, for the second time this season, by losing a 1-0 game. The Cleveland lefty struck out 13 Detroit Tigers and allowed only three hits, but one of the hits was a homer by Bill Tuttle in the 10th inning. Score had lost a 1-0 game to Chicago 10 days ago. Billy Pierce beat him then. Yesterday it was Billy Hoelt.

Vic Wertz and Al Smith each hit two homers and Hal Naragon got one to give Cleveland a split with an 8-4 victory in the second game. Bob Lemon allowed seven hits, none until Al Kaline doubled with one out in the seventh.

Baltimore beat Washington 3-6 with the help of Tito Francona's two-run pinch homer. Hal Smith and Billy Gardner also hit homers for the Orioles and Roy Sievers and Jim Lemon for the Senators. Sievers and Karl Olson also homered in the second game, won by Washington 5-4 on Dick Tettelbach's single with the bases loaded in the ninth.

Tigers Split Meet With Arkansas U. Razorback Teams

COLUMBIA, Mo., (P)—Missouri and Arkansas split a golf and tennis meet here Saturday.

The Tigers beat the Razorbacks 13½ to 4½ in golf and Arkansas defeated the Bengals 6-1 in tennis.

Betsy Rawls Wins Peach Blossom Open

SPARTANBURG, S. C., (P)—Betsy Rawls finally won her home-town's Peach Blossom Open golf tournament.

She triumphed in the \$5,000 event here yesterday by firing a final round of one-over-par 72 that gave her a 72-hole total of 292 and first prize money of \$900. It was her first victory in the four-year-old tournament established in her honor.

Fay Crocker of Montevideo, Uruguay, also shot a final 72 and finished second with 293. She won \$630.

Patty Berg of St. Andrews, Ill., was third. She won \$540 with a 295 total after a 74 on the final round.

Democrat Class Ads Get Results

Score Pitches Best Game But Still Loses

DETROIT (P)—Young Herb Score called it the best game he ever pitched in the major leagues, but in the record books it'll go down as his second loss of the young baseball season.

The fireballing Cleveland southpaw, just beginning his second season and already ranked as one of the game's finest pitchers, lost his second low-hit effort yesterday when Bill Tuttle smashed a two-out 10th-inning home run for a 1-0 Detroit victory. Score has one win.

It was only the third hit off the 22-year-old left-hander, who struck out 13 and walked but four. The Indians got nine singles off Billy Hoelt.

Just 10 days ago, Score permitted Chicago only two hits but lost 1-0 when the White Sox scored a run on two walks, a passed ball and a sacrifice fly.

"I can't blame anyone but myself," said Score, who led the major leagues in strikeouts last year with 245.

"I put the ball right down the middle. I should have pitched him lower."

Score was in the clubhouse relaxing with a book while his teammates were out winning the second game 8-4.

"Those guys were trying just as hard to hit out there for me as they are now," he remarked. "But that's the way it happens sometimes."

Score has allowed only four runs and 10 hits in 27 innings, but has only a 5-2 win over Kansas City to show for it. Asked how he felt about his "bad luck" so far, Herb replied:

"Naturally I feel bad about it but I can't complain. No one feels like celebrating after losing but the Good Lord has been good to me and I consider myself to be pretty lucky to be up here in the majors."

Italian Government Is Asked to Ban Road Race After 5 Deaths

ROME (P)—The Italian government was asked today to ban future runnings of Italy's Millemiglia (thousand-mile) road race. Five were killed and about 20 injured in the auto classic yesterday.

The demand by Socialist Deputy Fernando Santi came after newspaper had called the race a "massacre" and said that new safety precautions taken this year were inadequate.

Santi asked Prime Minister Antonio Segni to reply to the demand before Italy's Parliament.

"The speeds now developed by racing cars, and the inadequacy of Italy's roads, make the race so perilous that public authorities cannot remain indifferent," Santi said.

"It is no longer a sport. It is collective homicide which must absolutely be stopped."

The dead included two drivers.

Disarmament Talk Scheduled Today Amid Indecision

LONDON (P)—Side talks between members of the U.N. Disarmament subcommittee were scheduled today amid growing indications the six-week-old negotiations are about to suspend on a note of indecision.

Harold E. Stassen, U.S. representative at the negotiations meets privately with the chief Soviet delegate, Deputy Foreign Minister Andrei Gromyko. Policy talks were also scheduled between the United States, Britain, France and Canada, the four Western members of the five-nation group.

Most observers felt the subcommittee talks have reached an impasse. They believe the group has little alternative but to report its scanty progress to the 12-nation U.N. Disarmament Commission and await new instructions.

The commission will probably reassess the five-power subcommittee to its task.

Gene Littler Again Takes Big Tourney

LAS VEGAS, Nev. (P)—The fourth annual Tournament of Champions is a matter of record today and once again the champion of the champions is Gene Littler and his hot putter.

Littler, winner last year, went into the final round with a 5-stroke bulge over Cary Middlecoff. At the windup Gene's 71 for 281 was 4 strokes in front of Middlecoff's 70 for 285.

The final duel over the sun-baked Desert Inn Country Club course was a rousing one in the early stages, when Middlecoff pulled up to only 2 strokes behind Littler on the seventh hole.

But Littler's putter made up for his tee-to-green game. A 19-foot pressure putt for a par on the ninth, and much of the same type of play in the run for home, won the tournament.

Out of the \$38,500 purse, Littler collected \$10,000.

Singer Frankie Laine cashed in, too, for the second straight year. He bought Littler in the legal auction in midweek. He paid \$16,500 and then, as last year, sold third shares to two friends, Don Frankel of Los Angeles and Chauncey Needham of San Francisco.

Their share from the total auction pool of \$192,000 was \$69,120.

Yesterday's featured threesome included Littler, Cary and Gardner. Dickinson Jr. Dickinson was very much in line for third-place money, possibly even second, until he got into bunker trouble on the 15th hole and yielded to an enormous 8.

That left the way clear for Lloyd Mangrum to slip in for third money of \$2,200 with his last round 69 and 288 total. Dickinson had to settle for a tie for fifth at 290 for \$1,260. With him were Dick Mayer and Doug Ford, and just ahead, with winnings of \$1,400, were Al Balding, Shelley Mayfield and Ted Kroll.

World's Population Is Over 2 Billion

UNITED NATIONS, N.Y. (P)—The United Nations says the world's population in 1954 was 2,652,000,000, give or take as much as 133 million for possible error. Some countries don't report as well as they might.

Anyways, the world's population is bouncing upward at the rate of 40 to 66 million a year, the U.N. estimates.

The U.N.'s 790-page annual Demographic Yearbook gives these population figures:

Asia, exclusive of the Soviet area, 1,451,000,000; Europe 404 million without European Russia; the Americas 357 million; Africa 210 million; Oceania, 14.4 million. Red China, 593 million; India, 377 million; Soviet Union, 214 million; United States, 162 million; Japan, 88 million; Indonesia, 81 million; Pakistan, 80 million.

Tito to Visit Soviet

BLEGRADE, Yugoslavia (P)—President Tito will visit Russia in June at the invitation of the Soviet government. It will be his first trip to the U.S.S.R. since Yugoslavia was kicked out of the Cominform in 1948.

Austrian Police Say Youth Told Fairy Tale

EISENSTADT, Austria (P)—Police say 18-year-old Fritz Hammer spun a "complete fairy tale" in his story of driving a farm tractor under fire through the barbed wire and minefields of the Communist Hungarian border to an Austrian sanctuary.

Hammer had related that the gunfire of border guards—one of them his own brother—killed three companions.

Authorities called Hammer a publicity hound. They said a border check failed to prove his story. Now they are trying to figure out what to do with him. The youth now claims to be an Austrian citizen.

Champion Meets Gene Thompson In Bout Tonight

By THE ASSOCIATED PRESS

Light heavyweight champion Archie Moore takes on Tiger Gene Thompson at Tucson, Ariz., in a non-title 10-rounder tonight and then will begin serious training for his title defense against Yolande Pompey in London June 5. At least that's what Archie says.

Moore, who now claims the vacant heavyweight title, too, has won seven straight tuneups since he was flattened by retired heavyweight champion Rocky Marciano on Sept. 21.

Cuba's Orlando Zulueta, who has been gallivanting around Europe recently, resumes action in the U. S. tonight in a television 10-rounder against young Johnny Busso of New York at New York's St. Nicholas Arena.

Lightweight champion Wallace (Bud) Smith, who has been having his troubles lately, may run into some more Wednesday night when he meets rugged Joe Brown, New Orleans, in a non-title, radio-television bout at Houston. Smith was outpointed by Larry Boardman and stopped by ex-welterweight champion Tony DeMarco in his last two fights.

France's Cherif Hamia, a big hit in his March 30 victory over featherweight contender Carmelo Costa, makes his second radio-television appearance in Washington, D. C. Friday night against Ike Chestnut, a slick boxing New Yorker.

100-Yard Dash Record Broken By Dave Sime

DES MOINES (P)—Sophomore sprinters Dave Sime of Duke and Bobby Morrow of Abilene Christian are capable of cracking the world record of .09.3 in the 100-yard dash.

That is the opinion of Drake Relays Director Bob Karnes, who watched Sime take the Drake record down to .09.4 in a sensational duel with Morrow in a cold rain on a water-logged track last Saturday.

"They have all the potential and I think both can do .09.3 or better," Karnes said.

Sime's remarkable dash broke the oldest Drake Relays record, a .09.5 romp by the late Roland Locke of Nebraska in 1926 had stood up through the years except for matching performances by Ralph Metcalfe of Marquette in 1932 and Jesse Owens of Ohio State in 1935.

Except for the 100-yard dash, miserable weather conditions thwarted all other attempts for track records in the two-day meet. Other individual winners Saturday included Bill Nieder, Kansas, shot put, 54-11½, and hop, step and jump, 47-0.

Missouri grabbed the high hurdle shuttle and Oklahoma A&M retained 4th mile championship. For Oklahoma A&M it was rather a case of necessity. The Aggies forgot to bring the John L. Griffith trophy with them.

Coach Ralph Higgins said: "I told our boys it would be very embarrassing if we didn't win—and they didn't let me down."

Konrad Adenauer Calls For Reunification Aid

STUTTGART, Germany (P)—Chancellor Konrad Adenauer called on the free world nations last night to enlist Russia's support in reuniting divided Germany.

He assailed as "false and dangerous" opposition charges that his regime has been slow in seeking reunification.

"Such speeches," he said in an address closing the annual convention of his Christian Democratic party, "make the free nations afraid of a rebirth of national socialism" (nazism).

The convention re-elected Adenauer party chief Saturday night for the eighth straight year.

Uncertainty Hovers Over Derby Entries

LOUISVILLE, Ky. (P)—The Kentucky Derby will be run for the 82nd time over Churchill Downs' history-steeped track Saturday but right there ends the certainty concerning this renewal of the \$125,000 added classic for 3-year-old thoroughbreds.

The picture as to the size of the field, the physical condition of the stars of America's No. 1 turf show and even the name of the probable favorite was indeed confusing.

Not since Count Turf beat 19 so-so rivals in 1951 has the mile and one-quarter run been so wide open. And that is said with all due respect for Needles, the sensation, of the Florida season who has been made the early choice at 2-1.

The strapping son of Ponder, 1949 Derby winner, has been idle since climaxing a brilliant winter campaign with victory in the \$100,000 added Florida Derby at Gulfstream Park.

He hasn't even had a real workout unless the mile and a quarter in 2:09 and a fraction last Saturday might be called that.

There was talk of a field of 14 facing the barrier Saturday. But the size of the starting field could well be 15 or 16 or even only a dozen.

The makeup of the field depends much on tomorrow's Derby Trial, a test of one mile. C. V. Whitney's Head Man, Fabius from Calumet Farm, W. E. Britts' No Regrets, Joe Gavegnano's High King, Don Ross' Countermind, Rex Ellsworth's Lover's Aid and probably four or five others will get their last chance to show Derby fitness.

Head Man, No Regrets and High King likely will be starters Saturday regardless of their showing in the Trial. For the others it is "put up or shut up."

Needles will carry the silks of the D. and H. Stable.

Law Would Require 5 Years Experience For Supreme Court

WASHINGTON (P)—No one could be appointed to the Supreme Court without five years' experience as a judge of a lower federal tribunal or a state supreme court under a law proposed yesterday by Sen. Smathers (D-Fla.).

Smathers, a critic of the Supreme Court's decision outlawing racial segregation in the public schools, said he would introduce such a bill today because "the court should be reserved for judges."

Collective arming Reaches 90 Per Cent In Communist China

HONG KONG (P)—Red China says agricultural cooperatives have absorbed 90 per cent of its 120 million farm families. The Communist state is driving for total collectivization of its farms by 1959.

Peiping radio said 55 per cent of the farm families are in "fully socialist cooperatives." This means some 66 million families have relinquished any claim to personal possession of land or property.

The rest were reported living on semisocialist agricultural cooperatives. Under this setup farmers nominally own the land but give it up for shares in the cooperative.

National Art Gallery Gets Bubble Bath

WASHINGTON (P)—The National Gallery of Art fountain was frothing yesterday but the 86-degree heat didn't have anything to do with it.

Pranksters dumped another large dose of bubble bath into the big fountain, sending mounds of suds bubbling forth.

A similar stunt was pulled a week ago.

LOOK NO DRIVER!—Wayne MacPherson finishes second minus his driver at Roosevelt Raceway, Westbury, N. Y., a length behind Mighty Green, John Simpson in the sulky. Wayne MacPherson unseated Bud Pullen at the start of the mile. The four-year-old gelding was declared a non-starter, of course. Refunds were made to those who wagered on him.

Thinks NATO Should Avoid Economic Aid

WASHINGTON (AP)—Sen. George (D-Ga.) said today he favors expansion of international political activities by the North Atlantic Treaty Organization but does not believe it should enter the economic field.

George spoke out in an interview in advance of the scheduled public appearance of Secretary of State Dulles before the Senate Foreign Relations Committee.

George heads the committee and serves as chief Democratic spokesman in Congress on foreign policy.

Voicing general approval of Dulles' proposal to try to give new vitality to NATO, the Georgia senator said, "I don't see how it can be made into an economic agency."

Dulles has declined to spell out his NATO proposals before leaving tomorrow for a Paris meeting of the organization. But he has said there are "possibilities of joint efforts" which might include some or all of the NATO countries to assist in neighboring areas such as North Africa.

The secretary has said much of the economy of the NATO countries depends on oil from the disturbed Middle East.

George made it clear he thinks any large-scale American economic aid in the Middle East would involve "sticking our head in the lion's mouth" of the dispute between Israel and her Arab neighbors.

He said that outside the economic field he believes NATO nations could accomplish a great deal by "moving away from what is now only a strict military alliance."

"The Russians are undoubtedly trying to get rid of NATO," he said. "They may have succeeded in softening up some of the European countries which are not as aware of the immediate danger of war as they have been in the past."

For this reason, he said, he will support proposals to broaden the consultation between NATO nations in the international political field.

Ambassador Henry Cabot Lodge Jr. said the United States should channel a larger share of its aid through the United Nations. Lodge is chief U.S. delegate to the U.N. In a statement in New York, Lodge said such a move would offer "some real advantages over a program sponsored by the United States alone" in meeting the challenge of Russian competition.

"Multilateral aid," Lodge said, "offers a way to prevent the so-called auction which some are trying to promote between the United States and the U.S.S.R. as to which will spend the most in an underdeveloped country."

Soviet Okays Return Of West Germans

MOSCOW (AP)—The Soviet Union says it is flashing a green light for any West Germans living in Russian Territory to go home if they want.

West German Ambassador Wilhelm Haas told the Russians April 22 that 1,000 Germans still were prisoners in Russia. He handed the Russians a list of the names and exact addresses, compiled over a period of years with the help of repatriates and German organizations.

The Soviet Foreign Ministry released the text of its reply, made Friday to the Bonn government.

"In the event of its being established that this list of persons includes German citizens wishing to leave for the German Federal Republic," the note said, "repatriation in such circumstances will not meet with any obstacles."

Kefauver Feels Competition On Even Terms

TALLAHASSEE, Fla. (AP)—Sen. Estes Kefauver says he feels he is now competing on even terms with Adlai Stevenson for Florida's support at the Democratic National Convention.

"On previous trips here I felt that Stevenson had a slight edge, but now I believe we have cut in to his strength and think that the margin is about even," the Tennessee senator told newsmen in an interview last night.

Both Kefauver and Stevenson have covered large areas of Florida in their campaigning for its 28 convention votes. The primary will be held May 29.

Kefauver is making a five-day tour of northwest Florida, where Stevenson is rated to have some of his greatest strength.

Kefauver is in the area for the first time this year. He lost in this section to Sen. Richard Russell of Georgia in the 1952 primary.

"I have much more strength here now than I had in 1952," Kefauver said. "Sen. Russell was the most popular man in the South at that time."

Kefauver flew here last night after campaigning on the West Coast. He was met at the airport by a group of 75 persons, most of them students at Florida State University.

Adlai Woos Demos' Votes In Oregon

PORTLAND, Ore. (AP)—Adlai Stevenson wooed Oregon's Democratic vote today in a series of informal talks from here to Astoria, a hundred miles to the northwest, and back again.

He asked the people to write in his name on the presidential ballot in the May 18 primary election. Because no one filed, no names are on the ballot, but he and Sen. Estes Kefauver are waging a campaign for write-in support.

Oregon's 16 votes at the Democratic National Convention will be pledged to the one who gets the most.

Stevenson wound up a relatively quiet day yesterday by walking among some 1,500 persons attending a spaghetti supper, chatting and shaking hands with little interruption for four hours. He ended smiling and seemingly fresh in a renewed appeal for support.

He was introduced to 10,112 fans at the first game of a baseball double-header between Portland and Sacramento of the Coast League and stayed so long at the game—won by Sacramento 7-6—that he was late for the spaghetti supper's start at St. Ignace Church hall.

Stevenson, who arrived here Saturday night from Chicago, said he regards the Oregon primary as of special importance because of the psychological effect it may have on the people of Florida and California, in whose May 29 and June 5 primaries he and Kefauver are entered.

He told the supper meeting that a victory in the fall election "is imperative . . . to stop the deadly decline of America's influence in the world, and to resume progress at home by quickly replacing our present single-interest and part-time management."

Senator Says TV Networks Are Threatened

WASHINGTON (AP)—Renewing his demand for federal regulation of television networks, Sen. Bricker (R-Ohio) said yesterday the two major chains are threatening the existence of smaller networks and stations.

He said the Columbia Broadcasting System and the National Broadcasting Co. have established "an unprecedented economic stranglehold" on the industry. CBS promptly disputed his conclusions.

Citing what he said was heretofore secret information from Federal Communications Commission files, Bricker said CBS, NBC and their 73 affiliated stations in the northeastern area had a combined net income in 1954 of about \$90,000,000, while all other stations and networks suffered a combined net loss of about \$300,000.

"That this is economic monopoly cannot be denied," he said. A denial came from Frank Stanton, president of CBS, who said Bricker "has presented a grossly inaccurate picture."

"By no accepted standards does CBS have anything even approaching monopoly in the television broadcasting business," Stanton said.

Officials of NBC withheld comment pending a study of the Bricker report, made for the Senate Commerce Committee, which is studying television problems.

On the night of April 18, 1975, William Davies rode through Roxbury and Brighton, meeting Paul Revere. They rode on together with Samuel Prescott to alarm Concord.

Senate Subcommittee Rejects Hoover Idea

WASHINGTON (AP)—A Senate subcommittee rejected yesterday the idea of creating an "administrative vice president" in the White House, proposed by former President Hoover to help relieve the chief executive.

Sen. Kennedy (D-Mass.), the chairman, said for three other Democrats and three Republicans on a Government Operations subcommittee that the President already "has sufficient authority to delegate the performance of administrative functions to subordinate officials . . ."

Police Arrest 3 in Burglary Of \$300,000

HOUSTON, Tex. (AP)—Police arrested three men yesterday and said they had recovered more than \$95,000 in cash in what they called a \$300,000 burglary.

Police said the money was recovered in a raid on the home of Harvey Marley, 31, in San Antonio by Houston and San Antonio police and Texas Rangers.

Marley and Edwin Roy Hamlett, 34, Houston automobile salesman, are held in jail here. San Antonio police are holding Arthur Eckert, a used car dealer.

The three men are charged with burglary and felony theft in the looting of a closet safe the night of April 22 at the home of Paul D. Denny, a bakery owner.

Police said the raid was the result of efforts of San Antonio sports writer Dan Cook to solve the burglary and get his "big story."

Cook, of the San Antonio News, took \$3,055 to Houston police last Thursday and said he and Jimmy Parks, San Antonio boxing promoter, had taken the money from Hamlett and Jimmy Hicks, an automobile dealer, in an effort to solve the burglary. Police called the story "fantastic" and arrested Cook and Parks on charges of robbery by firearms. They were freed under \$10,000 bond.

Police said they can not account for about \$261,000 of an estimated \$300,000 in cash, government bonds and negotiable securities they said were stolen from the Denny closet safe.

They said about \$160,000 in securities was burned, \$95,000 in cash was recovered in San Antonio yesterday and they are holding a Cadillac automobile purchased last week by Hamlett for \$3,205. These amounts are in addition to the \$3,055 which Cook turned over to Houston Police Chief Jack Heard.

Denny reported to police on the night of the burglary that the safe holding \$100,000 in securities and \$10,000 in cash had been stolen while he and his wife were at church.

Asked last night if the safe held as much as \$95,000 in cash, Denny replied: "I think it did. I'm not sure."

He said the total amount of cash "might be" over \$100,000 but not as much as \$200,000.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Monday, April 30, 1955

Physician Says 10 Million Need Some Treatment

LOS ANGELES (AP)—About 10 million Americans have swollen legs due to circulation trouble and most of them are in need of some kind of medical treatment and changes in their way of life, a Los Angeles physician asserted today.

The affliction is called phlebitis, an inflammation of one or more veins in the legs. In some cases blood clots develop in these veins and produce serious consequences, sometimes death. But the great majority have only a disabling or painful affliction, and it can be treated by medical means and a few changes in the routine of living, said Dr. Roy J. Popkin of Cedars of Lebanon Hospital.

Dr. Popkin, who reported to the California Medical Assn., said treatment consists principally of reducing the swelling by conventional medical means and of rearranging the life of the patient to keep his feet off the ground.

People with this trouble should not dangle their legs, Dr. Popkin said. They should sleep with their feet elevated a few inches, usually on a pillow. Before they get out of bed they should put on an elastic stocking or bandages, as the doctor prescribes.

Their work, Dr. Popkin added, should be something that permits them to keep their legs outstretched, such as the feet-on-the-desk position.

William Cullen Bryant was 17 years of age when he wrote "Thanatopsis," said to be America's first great poetic work.

Re-election of Red Official Announced

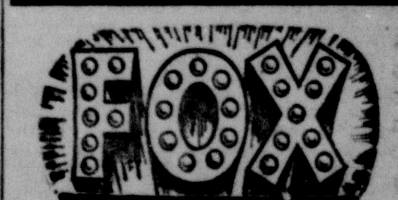

TOKYO (AP)—Pyongyang radio dealt a blow today to speculation that North Korean Premier Kim Il Sung might be on the skids because of world communism's current attack against the "cult of the individual." The North Korean radio announced that Kim has been re-elected secretary of the North Korean Workers (Communist) party.

Red Embargo Offer Faces Test Shortly

WASHINGTON (AP)—Secretary of State Dulles and the foreign ministers of Britain and France probably will confer this week on a formula for testing Russia's offer to join in a general embargo on arms shipments to the Middle East.

The possibility of bringing Middle East arms shipments once again under some kind of control is regarded here as slight but worth looking into.

Dulles will leave for Paris tomorrow to attend a meeting of the North Atlantic Treaty Organization and diplomatic talks on a variety of international problems, dominated by the continuing Palestine crisis, Russian maneuvers and the Cyprus dispute.

He will get a first-hand report from Britain's Delwyn Lloyd, on the visit to London of Soviet Communist party boss Nikita Khrushchev and Premier Nikolai Bulganin.

Just before leaving London last Friday, Khrushchev said if it were

possible to agree on an arms ban "through the United Nations or otherwise" Russia would take part. He said that as long as other nations sold arms the Soviet Union would do so.

The reaction here was one of great suspicion. Communist Czechoslovakia began selling arms to Egypt last fall, and Moscow comment then linked the transaction to the development of the anti-Communist Baghdad Pact in the Middle East.

Speculation in official quarters here is that Soviet willingness to stop shipping arms to the Arab states in return for a general embargo is a way of saying that the United States and Britain would have to stop shipping arms to countries in the Baghdad Pact. Aside from Britain, they are Pakistan, Turkey, Iran and Iraq.

Another element of skepticism here is a belief that Russia wants to keep the Arab-Israeli situation in a state of turmoil—a source of worry to the West and a threat to Europe's oil supplies—without taking any serious risk of war.

The American public spends more money on cigarettes than it does on milk.

Truth About Lie Brings Deportation

DETROIT (AP)—Because Otto Weyer told the truth about an almost forgotten lie, he is headed for deportation to Germany.

On a swimming trip to neighboring Windsor, Ont., last spring, the engineering student at Henry Ford Community College left his border-crossing card at home.

Returning to Detroit, he identified himself as a native American.

The incident was all but forgotten last July. During the course of examination for citizenship, Otto was asked if he ever falsely claimed citizenship.

"Yes," he replied, "I believe have."

Then he related the instance of his swimming trip. He told newsmen: "I was put under oath, thought I'd better tell the truth."

The story came to light Saturday night when Otto's father Joseph, 50, was found in a cold rainstorm at midnight on the Belle Isle Bridge. The father was released after observation at Receiving Hospital.

"My son, my only child, is going to be deported," he told police. "I just can't face up to all my troubles."

The Weyers came from Germany in 1950.

An immigration official said Otto is being deported because of his one entry gained "through false and misleading statements."

Skunks sometimes share a burrow with a rabbit or a woodchuck.

Clock Tells Two Times And Both Are Right

NASHVILLE, Tenn. (AP)—It's a real two-faced clock that tells you one story when you're going east and another when you're going west.

But it's probably the only clock in town that tells everybody the right time.

The clock is the one at the front of the building jointly owned by

two separately owned daily newspapers—the morning Tennessean and the afternoon Banner.

The Tennessean, which supported the move to shift Nashville clocks voluntarily to Daylight Saving Time, had the face of the clock on its side of the building on "fast" time.

The Banner kept its face of the clock on Central Standard Time.

A rodent is a gnawing mammal.
